

ZJ Jeep Grand Cherokee 93-98 Ditch Light Mounts

Installation Instructions

-First off pop the hood of your vehicle

-You will need to remove the fender bolt that is the farthest back closest to the windshield.

-The fender bolt you just removed will be used to mount your bracket.

-Place the rubber between the mount and the fender, then use the fender bolt to fasten the mount to the vehicle body.

-The rubber will protect the paint and help prevent vibrations.

-Once the bolt is tighten and the mount is in place you are ready to install your lights.
