EXPORTS TO JAPAN

Sounds incredible! But it is so.

Japan, with its technological advancement and excellence, may be a dream land for many Indian manufacturers, but not for Scooters India Ltd. We are there, already. On the roads of Japan, people are riding LAMBRETTA GP 200 AND GP 150 the export version of VIJAI SUPER duly improvised.

Believe us, it has been no cake walk to Japan. We had to toil and be tough. We had to be unrelenting. Before we put ourselves to the ultimate test, we had to be thorough and uncompromising at every step of the workmanship that goes into making a quality scooter.

And we did it. We had an order from Japan.

The repeat order from Japan reaffirms our faith in our motto — QUALITY IS THE KEY TO SUCCESS

THE WHEELS OF

SCOOTERS INDIA LIMITED

ROTATE SMOOTHER AND FASTER

Yes. It is so.

Business has ups and downs. Scooters India Limited is no exception to this phenomenon. However, the decline has not only been arrested, but the trend has been reversed. The turnover this year would be almost double of last year.

The Company's R&D is constantly working in improving new products as well as developing new products. What better proof of this would be than VIKRAM — the three wheeler that takes you places in your city at almost bus fare and now SUNNY FR — the new 100 cc scocter at moped price.

VIKITAIN

We did not believe in blowing our own trumpet. We believed in serving silently and unassumingly. We paid the price for it. Misgivings cropped up around us.

True, we had a lean phase and a thousand odds to fight against. But we held fast with firm commitment to serve.

We gave VIJAI SUPER, a 150 cc champion.

We gave VIKRAM, the versatile and manoeuvrable 3-wheeler and its mini-version VIKRAM 410.

And of course, a nation-wide network of dealers to meet your demand of genuine spares and efficient after-sales care.

We developed a 100 cc model, improved it with technical know-how from Honda of Japan. Soon to be yours **Sunny**_{Fr}

We are very much here, assuring you of uncompromised quality, easy availability of genuine spares and careful after sales care, through our dealers, all over the country. And abroad, too!
