
CSA / UL SAFETY REQUIREMENTS

CSA / UL requires that these IMPORTANT SAFETY INSTRUCTIONS be listed;

This portable lamp has a polarized plug (one blade is wider than the other). As a safety feature this plug will fit in a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit, contact a qualified electrician.

Never use with an extension cord unless plug can be fully inserted. Do not attempt to defeat this safety feature.
