

HF1900-7

INSTALLATION SHEET

START FROM HERE

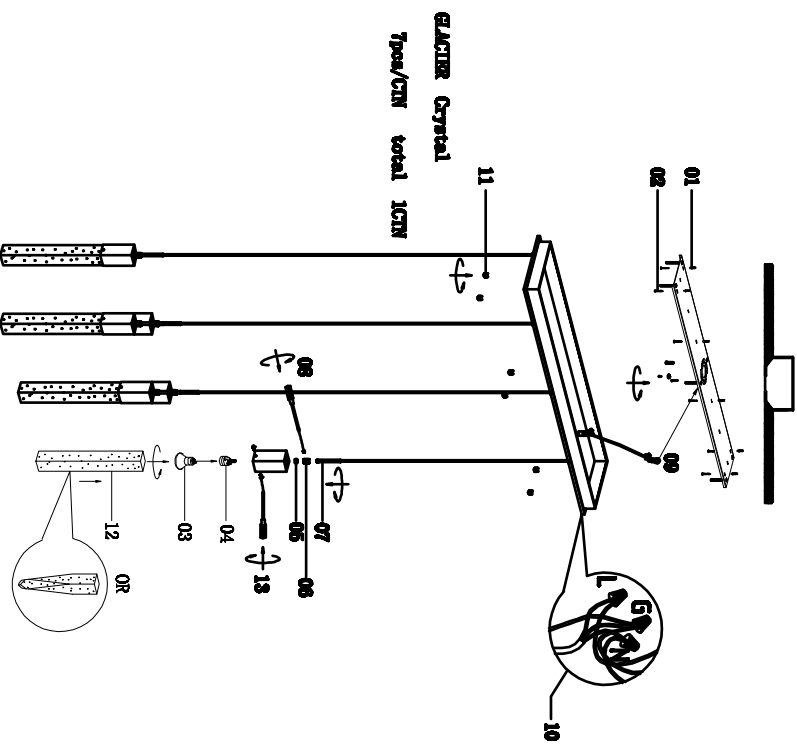

Make sure power is completely off at the main box.
Have you been tested by a qualified licensed electrician?
• Prune every day in a clear area
• Never gloves at all times during the installation
• Read instructions carefully before you start assembly
• Keep the instruction sheet for future reference

Technical Support: 8182229149

Please Note:
All AVE LED fixtures come with pre-wired LED modules.
Unless indicated to do so, please do not touch any part of the LED modules as any
unintentional contact with the modules could cause permanent damage.
For dimming, an ETV (Electronic Low Voltage) type of dimmer is required.

Specification of installation

- In order to ensure safety use, please notice the following items:
- Read and understand the whole Specification.
 - Suitable for the uses of 110~130V and 60Hz.
 - Please wear gloves as installation and avoid oil on the surface of plating.
 - Must be installed on the fixed places and be checked annually.
 - Please turn off the lighting source by soft cloth as cleaning prohibited to use of rough detergent.
 - Please connect with the local sales service center when there are any abnormality.
