Snoopy

Designed by Achille and Pier Giacomo Castiglioni, 1967

Halogen - 75W

The playful personas of the Castiglioni brothers are evident in their marble Snoopy design, named for the beloved cartoon character and featuring a distinctive, light-hearted shape. The original debuted in 1967, and this version was reintroduced in 2003 with updated technology. The Snoopy modern desk lamp provides direct light through a thick glass disk and an enameled reflector, both resting in perfect balance on a white marble base. There is an internal dimmer and switch. Inspiration behind the design: With the Snoopy, brothers Achille and Pier Giacomo Castiglioni pay tribute to the sweet natured character by Charles M. Schulz.
