DESCRIPTION	<p>The 9464 Wall Lamp, designed in the early 1950s by Paavo Tynell, is a great example of how the Finnish designer elevated illumination into an art form. The clean, sculptured brass shade lends an air of elegance with Tynell's distinctive traits of twin dot perforation pattern combined with notched edges, making the wall lamp appealing and admirable in all its simplicity. Equally relevant today as when first introduced, the 9464 Wall Lamp fits perfectly into contemporary interiors, adding a sculptural effect to the wall whilst simultaneously creating a relaxed yet very refined indirect lighting.</p>
