

Clochef S Pendant

Massimo Iosa Ghini, 2017

Massimo Iosa Ghini designed Clochef (2018) to be straightforward, refined and enriched by clever details and handmade finishes from exquisite materials (spun aluminum or copper in gloss black, gloss white or varnished hand brushed copper). Inspired by the versatility and ease of adjustment of boat cleats, each Clochef comes with a cleat on both the diffuser and the canopy that allows you to change the height of the pendant at will by wrapping the cord around it (no rewiring necessary). Its genius detail adds a surprisingly functional and beautiful element to an otherwise classic bell shape design.
