

## JJ Big Grip Lamp, Outdoor

Leucos Design Lab, 2021

The JJ Big Grip (2021) is a clever play on the scale of the JJ Table Lamp combining just its iconic diffuser with laser cut cooling vents with a Super Clamp and Autopole (part of the MoMA permanent design collection) to create a new typology of lamp. Clamp it to a tree branch, shelf, I-Beam, Autopole or our grip mount and adjust its wide range of motion to light previously difficult areas to illuminate. JJ Big Grip features an energy efficient user replaceable integrated LED (up to 5600 lumens with the option of Casambi Wireless Dimming via a smart phone app) that while powerful enough for contract use is aesthetically pleasing enough to be a decorative luminaire. The JJ Big Grip has both indoor or outdoor versions and comes in 6 standard colors.
