

Keyra S 30 LED Pendant

Roberto Paoli, 2011

Keyra is a Leucos Icon that builds on Gill, a classic Leucos design from our founding in 1962. Similar in concept but furthering the exploration of traditional mouth blown glass in texture, form, manufacturing excellence and LED technology, Keyra was designed by Roberto Paoli in 2011. Its thick, mouth blown glass curves out from its structure and into a valley that is etched in satin white to diffuse direct angles light from the LED module without limiting lumen output. A careful study of form and transparency create an illuminated orb without glare and full of elegance. Available in 2 sizes (30 and 60 cm) as well as in a pendant or a ceiling/wall flush mount, Keyra is a tour de force of light.

Diffuser/Structure Finish:

Transparent/Satin White/Gloss White
