Sphera S 29 Pendant

Matteo Thun, 2000

A minimal design that seems to float delicately in your space, the Sphera Pendant is made of hand-blown Italian glass. Matteo Thun designed Sphera in 2000 as a simple, slightly flattened oval shape that emphasizes the remarkable quality that goes into each of their productions. Sphera uses a technique called *incamiciato*, where Italian *Maestro* glass blowers use multiple layers of glass—each of different transparencies and properties—to create a rich satin white finish that is strong and provides perfect diffused light in your space. The Sphera Pendant is available in 3 sizes (29, 37 and 45 cm), 2 finish options (chrome and brushed brass). The Sphera Collection includes a ceiling, pendant, and table lamp.
