

Light Shade Shade

JURGEN BEY

Light Shade Shade is a one way mirror that reflects its environment as well as concealing the chandelier within. When the light is turned on, the 'Light Shade Shade' reveals its unforeseen identity and projects the former beauty that lies within.

Detailing

The light shines beautifully through the space through its foil hood. The interior evokes the feeling of an exclusive hall of mirrors.

Dimmer

For fluent dimming behaviour we advise a dimmer that is compatible with the following specs.

DIMMER TYPE

Mains dimmable with compatible light source

Please note the functioning of the dimmer and the power supply combination can never be predicted, it always needs to be tested in practice.
