disconnectable DC cable, 100-240V, 50/60Hz,
24V, 630mA max.

Product use: Indoor

Materials: aluminium head, steel stem

Colors: Black

Description: A new floor version for the essential Counterbalance LED lamp by Daniel Rybakken, winner of the prestigious Compasso d'Oro ADI 2014. After the great success among critics and the public, the innovative family of lamps by the Norwegian designer now expands, as this floor model joins the wall and spotlight versions, conserving the characteristic adjustable reflector in aluminium, thanks to a simple sliding mechanism on the stem.
