

PRODUCT DESCRIPTION

A monument to the beauty of stone, the Megalith collection is constructed using a robust iron stem that branches off to support various panel options. These various elliptical panels are back lit with globes of white cased glass. Choose from stone panels sets including Spanish Alabaster, a pleasantly pink Rose Jade, White Onyx or a breathtaking Striae Arya with dramatic veining and dark grey color tone. The enduring appeal of the stone's character boosts the luxurious nature of this design. The framework is available in Gunmetal or Brushed Bronze and made to order configurations for quick modifications. For a more modern, futuristic approach to the design, the Megalith collection is also offered in a retro dichroic glass option.
