

Pre-Bent MonoRail

700MOBH_

1.7

GENERAL PRODUCT INFORMATION:

This product is a 60° or 90° curved pre-bent MonoRail. Avoid re-bending or straightening the curve which may cause the rail to separate from the insulator.

Pre-Bent MonoRail With Isolating Join Connectors

Pre-Bent MonoRail With Conductive Join Connectors

- 1** Push two MonoRail sections completely onto the isolating join connectors.
- 2** Tighten the #6-32 set screws firmly with the 1/16 Allen wrench provided. Avoid over tightening the set screws which may cause the threads to strip.

- 1** Push two MonoRail sections completely onto the conductive join connectors.
- 2** Tighten the #6-32 set screws with the 1/16 Allen wrench provided. Make sure that the set screw connection is tight to avoid heat build up and corrosion.
