INSTALLATION DIMENSION

CLEANING CARE

In order to keep the appearance of faucet clean, bright and good performance, please take care of the faucet as follows;

1. Rinse with water only and dry with soft cotton cloth;
2. Use mild liquid and colorless glass cleaner to remove surface dirt and scale film, or use polish without abrasive effect;
3. Do not use abrasive detergent, polish, emery cloth, paper towel or scraper, etc.;
4. Do not use acid cleaner, or cleaner and soap with insoluble granules etc.;
5. In the process of use, mud may accumulate in the bubbler and make the water flow show. The bubbler can be unscrewed, rinsed with water, and then installed back in place.
