

LISBOA (PREMIUM OR PREMIUM RUSTIC ARCH, PREMIUM STONE ARCH, RUSTIC PREMIUM)

Lisboa Premium information

We love the Lisboa! The **NEW PREMIUM** is an authentic domed pizza oven. What we love about this oven is the versatility. Not only is it ideal for true Italian-style pizza (in just 90 seconds!), it is also rotisserie capable. The Lisboa has a higher opening than the Pizzaioli and Buena Ventura models, which allows room to fit a spit. It also gives off a strong ambiance as the fire is much more visible, almost like a fire feature or fire pit! The door of this oven is square-shaped and is perfect for pizzas, casseroles, breads and mouth-watering rotisseries.

All of our authentic brick ovens are **HANDMADE** in Portugal and are triple-insulated, which means the outside of the oven is cool to the touch while the inside is blazing hot! Each oven has an inner layer of brick and mortar, which is then covered with refractory cement. A thick layer of Rockwool Insulation is then applied and held down with metal batting before an additional layer of refractory cement. Our standard finish is white.

Premium Hardware: The Lisboa has a traditional brick facade with a black **NON RUST CAST ALUMINUM** door, chimney cavity, and **STAINLESS STEEL** chimney. The door has a peep through high heat viewing window pane. Traditional authentic ovens never use a galvanised coating or zinc galvanising coating on any of their products. You can paint or tile our white-domed ovens to match your home or design specifications. You will just need to use a high heat paint or adhesive. We recommend that you first cure your oven and use it for a few weeks and treat with Ultra Fire (included) before you paint.

Each Oven Package Includes:

- Stainless Steel Chimney: Spout with flu/damper (15cm H x 14cm W). Note: 96.5 chimney flue extensions and cap available separately.
- Ceramic Portuguese Baking Dish: (25.5cm x 37cm x 8cm)
- Thermometer: (0-500°C)
- Ultra Fire: Patch kit to address superficial cracks that will develop

How long does it take to heat up? When prepared correctly should take just under an hour even 45 minutes (may take longer in the beginning). The time will also depend on the wood type and how much moisture is in it etc.

Specifications:

Please note that the door on this model opens from left to right and is split like a barn/Dutch door. Weights & Dimensions Are Not Exact As Each Oven Is Handmade:

- OUTSIDE: 100cm W x 78cm H x 100cm D
- INSIDE: 78cm W x 48cm H x 78cm D
- DOOR: 37cm W x 30.5cm H
- CHIMNEY: 14cm W x 15cm H
- Overall Product Weight: 600kg

Lisboa Premium Rustic Arch information

*****WE LOVE THIS RUSTIC BRICK ARCH*****

We love the Lisboa ovens and this RUSTIC BRICK ARCH PREMIUM is an authentic domed pizza oven, and the first model we ever offered. What we love about this oven is the versatility. Not only is it ideal for true Italian-style pizza (in just 90 seconds!), it is also rotisserie capable. The Lisboa has a higher opening than the Pizzaioli's and Buena Ventura models, which allows room to fit a spit. It also gives off a strong ambiance as the fire is much more visible, almost like a fire feature or fire pit! The door of this oven is square-shaped and is perfect for pizzas, casseroles, breads and mouth-watering rotisseries.

All of our ovens are **AUTHENTIC BRICK** not CLAY! **Be careful of this when shopping oven brands- there IS A DIFFERENCE.** Our ovens are HANDMADE in Portugal and are triple-insulated, which means the outside of the oven is cool to the touch while the inside is blazing hot! Each oven has an inner layer of authentic fire brick and mortar, which is then covered with a thick layer of **Rockwool Insulation** that is secured with metal batting before an additional layer of refractory cement.

Premium Hardware: The Lisboa has a traditional terracotta BRICK facade with a black **NON RUST** CAST ALUMINUM door, chimney cavity, and STAINLESS STEEL chimney. The door has a peep through high heat viewing window pane.

The authentic Pizza Ovens never use a galvanized coating or zinc galvanizing coating on any of their products. You can paint or tile our white domed ovens to match your home or design specifications. You will just need to use a high heat paint or adhesive. We recommend that you first cure your oven and use it for a few weeks and treat it with Ultra Fire (included) before you paint.

Each Oven Package Includes:

- Cast PREMIUM HIGH-GRADE ALUMINUM DOOR with Stainless Steel Chimney: 6" high spout with flu/damper (6"h x 5.5"w) 38" Pipe extensions and cap available separately.
- Ceramic Portuguese Baking Dish: (10" x 14.5" x 3"
- Thermometer: (0-500°C)
- Ultra Fire: Patch kit to address superficial cracks that will develop (see [video](#) for more information on how to treat)

Specifications:

Please note that the door on this model opens from left to right and is split like a barn/dutch door. Weights & Dimensions Are Not Exact As Each Oven Is Handmade:

- OUTSIDE: 100cm x 78cm H x 100cm D
- INSIDE: 78cm W x 50cm H x 78cm D
- DOOR: 37cm W x 30.5cm H
- CHIMNEY: 14cm W x 15cm H
- Overall Product Weight: 600kg

*All of our ovens **require** "all-weather" protection from rain, sleet, and snow, fallen leaves, and protection from harsh elements when not in use. If you don't have a cover, we offer them for purchase - see Add Ons These are beautiful ovens that are meant to last for a very long time if taken care of properly!*

Lisboa Premium Stone Arch information

The BRAND NEW upgraded Premium Stone Arch Lisboa Pizza Oven is truly a work of art. The slate stone facade is a nice blend of gray tones of natural stones which makes this a one of a kind oven. What we love about this oven is the versatility. Not only is it ideal for true Italian-style pizza (in just 90 seconds!), it is also rotisserie capable (like the Lisboa). The Lisboa has a higher opening than the Pizzaioli and Buena Ventura models, which allows room to fit a spit. It also gives off a strong ambiance as the fire is much more visible, almost like a fire feature or fire pit! The door of this oven is square-shaped and is perfect for pizzas, casseroles, breads and mouth-watering rotisseries.

Authentic Pizza Ovens are made with AUTHENTIC BRICK not CLAY! Be careful of this when shopping oven brands- there IS A DIFFERENCE. Authentic Pizza Ovens are HANDMADE in Portugal and are triple-insulated, which means the outside of the oven is cool to the touch while the inside is blazing hot! Each oven has an inner layer of authentic fire brick and mortar, which is then covered with a thick layer of Rockwool Insulation that is secured with metal batting before an additional layer of refractory cement. Authentic Pizza Ovens are the only ones that use true Rockwool with their own international utility patent.

The authentic Pizza Ovens never uses a zinc/galvanized coating on any of our products. You can paint or tile our white domed ovens to match your home or design specifications. You will just need to use a high heat paint or adhesive. We recommend that you first cure your oven and use it for a few weeks and treat with Ultra Fire (included) before you paint.

Each Oven Package Includes:

- Cast PREMIUM HIGH GRADE ALUMINUM Chimney: 6" high STAINLESS-STEEL spout with flu/damper (6"h x 5.5"w) 38" Pipe extensions and cap available separately.
- Ceramic Portuguese Baking Dish: (10" x 14.5" x 3") It's perfect for roasting chicken, veggies, casseroles, desserts, bread, and more!
- Thermometer: (0-500°C)
- Ultra Fire: Patch kit to address superficial cracks that will develop (see [video](#) for more information on how to treat)

Specifications:

Please note that the door on this model opens from left to right and is split like a barn/dutch door. Weights & Dimensions Are Not Exact As Each Oven Is Handmade:

OUTSIDE: 100cm x 78cm H x 100cm D

INSIDE: 78cm W x 50cm H x 78cm D

DOOR: 37cm W x 30.5cm H

CHIMNEY: 14cm W x 15cm H

Overall Product Weight: 600kg

*All of our ovens **require** "all-weather" protection from rain, sleet, and snow, fallen leaves, and protection from harsh elements when not in use. If you don't have a cover, we offer them for purchase - see Add Ons These are beautiful ovens that are meant to last for a very long time if taken care of properly!*

Lisboa Rustic Premium information

The RUSTIC Brick Lisboa stands out as a magnificent addition to any outdoor space, distinguished from other authentic dome pizza ovens! It proudly holds the title of being the largest (and most robust) among its counterparts. THIS OVEN DEMANDS ATTENTION! The Lisboa is also designed for rotisserie cooking. With a taller opening compared to the Pizzaioli and Bueno Ventura models, it comfortably accommodates a spit and creates a captivating ambiance with its visible flames, akin to a fire pit. The square-shaped door of this oven is versatile, suitable for pizzas, casseroles, bread, and delightful rotisseries.

All our ovens are made of AUTHENTIC BRICK, not CLAY! Be mindful of this distinction when exploring different oven brands. Our ovens are meticulously HANDMADE in Portugal and feature triple insulation, ensuring a cool exterior while retaining intense heat within. Each oven comprises an inner layer of authentic fire brick and mortar, covered by our proprietary Rockwool Insulation, secured with metal batting, and finished with a layer of refractory cement.

Premium Hardware: The Rustic Lisboa comes equipped with a black NON-RUST CAST ALUMINUM door, chimney cavity, and chimney, including a high-heat viewing window.

Our white domed ovens can be customised with paint or tiles to complement your home or design preferences. Simply use high-heat paint or adhesive. We recommend curing your oven, using it for a few weeks, and treating it with Ultra Fire (included) before painting.

Each Oven Package Includes:

- Cast PREMIUM HIGH-GRADE ALUMINUM DOOR with Stainless Steel Chimney: 6" high spout with flu/damper (6"h x 5.5"w) 38" Pipe extensions and cap available separately.
- Ceramic Portuguese Baking Dish: (10" x 14.5" x 3"
- Thermometer: (0-500°C)
- Ultra Fire: Patch kit to address superficial cracks that will develop (see [video](#) for more information on how to treat)

Specifications:

Please note that the door on this model opens from left to right and is split like a barn/dutch door. Weights & Dimensions Are Not Exact As Each Oven Is Handmade:

- OUTSIDE: 109 cm W x 81 cm H x 109 cm D
- INSIDE: 79 cm W x 48 cm H x 79 cm D
- DOOR: 39 cm W x 30 cm H
- CHIMNEY: 14 cm W x 15 cm H Overall Product
- Weight: Approx 816 kg

*All of our ovens **require** "all-weather" protection from rain, sleet, and snow, fallen leaves, and protection from harsh elements when not in use. If you don't have a cover, we offer them for purchase - see Add Ons These are beautiful ovens that are meant to last for a very long time if taken care of properly!*

How to setup your Oven

Step1

Build platform out of any material you like that will hold 1000-1250lbs. This illustration shows cinderblocks stacked four high. Make the height to suit you.

Step2

Use heavy duty chain or nylon strap and string through the eyelets on the four corners of the oven. Use an engine hoist, cherry picker or fork lift to hoist the oven.

Step3

Position oven over the base- if you can't get close enough to be on top then use the momentum and swing while slowly lowering into position. You can cut off the steel eyelets unless you think you'll be moving anytime soon.

Step4

Leave as is or stucco over the cinderblock to a finish that you desire. ENJOY!

WHAT IS CURING AND DO I NEED TO DO THIS?

Curing simply means removing the moisture in the mortar. Curing will significantly help to protect the cooking ability and the life of your oven. So, yes you need to cure your traditional oven (portable oven has a 1 day cure- see video link sent at time of shipping) You will be starting small fires and repeating daily for 5 days. Remember this oven is made in Europe and the thermometer is in Celsius:

Start a small fire and let it burn throughout the day (4-5 hours) maintaining temperature:

- Day 1. 140F/60C Day
- Day 2. Repeat 215F/100C
- Day 3. Repeat 300F/ 150C
- Day 4. Repeat 400F/200C
- Day 5. Repeat 480F/250C

Make sure that you close the oven door each night, this will keep in the heat and protect moisture from getting in until the curing process is complete

EVEN THOUGH I CURE MY OVEN WILL IT STILL CRACK?

YES YES YES (Realistically all wood fired brick or clay ovens will crack at varying degrees) they are usually thin and crack around the dome as well as around the facade of the oven where the brick meets the cement. It is also normal that the base crumbles a bit on the edges. Remember these are handmade- not machine or prefab. We do include a 'patch' kit with each brick oven but this is not necessary, as it does not affect the oven function in a noticeable way and are superficial. It is best to apply ultra fire when the oven is hot! Here is a video on how to use the patch kit. You can also find this information on our website. www.authenticpizzaovens.com
<https://www.youtube.com/watch?v=3d2Dth9MKmA&feature=youtu.be>

WHAT TOOLS DO I NEED FOR MY OVEN?

You will definitely need a peel. In pizza language that's what you use to slide the pizza in and pull out of the oven! They look like a paddle with a long stick attached and come in wood or metal. (I use the small wood one to prepare and put in, then use the aluminum one to take out and place back on the wood one to cut and serve... but that's just me!)

RECOMMENDATION STARTER KIT: check out our website

- -Pizza Peel short wood / longer metal
- -Pizza turner/bubble popper (great for turning pizza and not burning your hands)
- -Ash Shovel
- -Oven Brush
- -Blanco tomatoes (the worlds best- All I ever use)
- -Flour (we recommend Hayden Flour Mills)

THE WARRANTY

We warrant this oven to be free from major defects in materials and craftsmanship on the structural components for a period of five (5) years from the date of purchase.
