As mentioned above, Proviron is a great kind of steroid, but I would not expect fat loss effects from it. It is a very universal aiding tool, but it won't help you with fat loss. Re: Can proviron be used alone to aid fat loss? use clen @ 120 mcg/day 2 weeks on and 2 off. see how it works for you. keep protien high and diet spot on. 16-Oct-2006, 01:03 PM #8 Proviron also interacts negatively with the following medications (medicines to treat seizures, medicines to suppress the immune system, medicines to

replace thyroid hormone, blood thinners, and neuromuscular blockers). And you might see some side effects such as: Breast enlargement (not due to your weight-lifting efforts) <https://guides.co/g/100mg/209780>
