Vastus lateralis muscle in the thigh: Choose this site if are injecting to yourself, or if a caregiver gives you the injection. Look at your thigh and divide it horizontally into 3 equal parts. The injection will go in outer middle third. The thigh is a good place to give yourself an injection because it is easy to see. Being a LGBTQIA+ medical student means that I have some level of responsibility to educate others on queer health issues. As one of very few transgender medical students, I feel some level of responsibility to increase representation within the medical field, to share how my identity has shaped how I personally see and experience healthcare.

Testosterone is injected into a muscle. The injection is usually given every 2 to 4 weeks. Testosterone injections should be given only by a healthcare professional. Misuse can lead to serious side effects or death. With a gel, you spread the daily dose—often the size of a ketchup package—over both upper arms, shoulders, or thighs. Injections are typically given into the buttocks once every two weeks. Each method has its advantages. With gels, there is less variability in levels of testosterone.

Proctomed es un Grupo medico que reune varias especialidades donde tratamos enfermedades ano rectales, digestivas, cronicas, infecciosas en diferentes etapas de la vida porque vemos ninios, adultos y tercera edad a traves de: [full article](#)

Testosterone esters in oil injected intramuscularly are absorbed slowly from the lipid phase; thus, testosterone cypionate can be given at intervals of two to four weeks. Testosterone in plasma is 98 percent bound to a specific testosterone-estradiol binding globulin, and about 2 percent is free.

Injections and implants: Testosterone can also be injected directly into the muscles, or implanted as pellets in the soft tissues. Your body slowly absorbs the testosterone into the bloodstream.

Moin Moin liebe #coffeelover, heute ist es soweit mein erster Test von Kaffee Bohnen ist vollzogen und zwar eine Bohne aus der lokalen Rosterei @ aus Hamburg. Im Probier Labor wurde der Single Orginal Speciality Coffe Las Tres Hermanas aus Guatemala 100% Arabica probiert. Die 250g Packung Bohnen liegt preislich bei 8,50.
