**Merdinger Prestige
Cutlery Cabinet
\$10,320**

Most dinnerware isn't plated with titanium and 18-karat gold and ergonomically

designed. Nor is it neatly placed inside a shrine of a cabinet complete with a black piano finish and gold arabesque design. So what are you waiting for? Get ready to throw the most luxe and impressive six-person dinner party your guests have ever seen, because this silverware is anything but silver.
