

SLEEP TITE[®] CARE INSTRUCTIONS

MACHINE WASHING

- Pre-wash the mattress pad before first use.
- Wash in cold to hot water. Do not exceed a water temperature of 120 degrees.

DETERGENT

- Use a mild liquid detergent, preferably non-alkaline, without added bleach or whiteners.
- Do not pour detergent directly on the mattress pad. Instead, add it to the water as the wash tub fills or dilute with water, then add the mattress pad.

DRYING

- Line drying recommended.
- Tumble dry on low heat with other bedding. Do not tumble dry the mattress pad alone.
- Do not over dry; this will weaken the fibers and shorten the life of your mattress pad.
- Do not iron.
- Do not dry clean.

WARNING

- Failure to follow these care instructions will void your mattress pad warranty.
