## *The Story of Godiva*

Godiva was founded in 1926 in Brussels, Belgium by master chocolatier Pierre Draps. Driven by a passion for chocolate and innovation, he was inspired by Lady Godiva's famous journey through the streets of Coventry. "Clad in nought" on horseback, she protested against tolls placed upon the town, and gained the love of her townspeople. 700 years later, an iconic brand was born.

Godiva has gone on to become one of the most celebrated and enjoyed chocolatiers around the world.

In 1968, Godiva was appointed the official chocolatier to the Royal Court in Belgium, the highest honour a company can receive. Today Godiva is available in more than 100 countries worldwide and has been transforming simple moments into lifelong memories for 98 years.

**"I was born in  
chocolate...it has  
seduced me and I have  
dedicated my life to  
this art. I have lived a  
wonderful dream"**

*Pierre Draps - 1919 - 2012*
