

# BAMBUSA

## PRESTIGE COLLECTION

- Flexible fiberglass ribs with molded nylon joints and end tips
- FiberTeak™ poles and finials simulate the look and feel of real bamboo, and include hand-finished culms and nodes.
- The poles are made with a heavy duty .125 wall thickness aluminum core and a protective, textured fiberglass coating for excellent durability
- Stainless steel hardware
- Single, sewn-in vent and storage ties are standard
- Custom top options include the Aruba extra large vent, double vent, valance, alternating panels, trim, banding and logos. See pages 33-35.
- Standard tops are made of marine or furniture grade, solution dyed acrylic. See fabric selections on page 45-51. Tops are also available in COM.
- Pulley & Pin lift is available in place of Push Up & Pin. When ordering change the end of the model number from PU to PP.

Shown with Aruba vented canopy for wind management
