

BRIDGEWATER

PRESTIGE COLLECTION

This contract grade umbrella features FiberBuilt's patented FiberTeak™ simulated wood pole which has a sturdy aluminum core with a .125 wall thickness and comes in three woodgrain finishes. The 1 1/2" diameter, one piece pole allows for both in-table and freestanding use.

- Flexible fiberglass ribs with molded nylon joints and end tips
- FiberTeak™ finishes on poles and finials simulate the look and feel of real wood
- The poles are made with heavy duty aluminum cores and a protective, textured fiberglass coating for excellent durability
- All rib, finial and hub colors coordinate with the pole finish color except for Aged Teak which has white ribs and hubs
- Stainless steel hardware
- Single, sewn-in vent and storage ties are standard
- Custom top options include the Aruba extra large vent, double vent, valance, alternating panels, trim, banding and logos. See pages 33-35.
- Standard tops are made of marine or furniture grade, solution dyed acrylic. See fabric selections on pages 45-51. Tops are also available in COM.
- Pulley & Pin lift is available in place of Push Up & Pin. When ordering change the end of the model number from PU to PP.

POLE DIAMETER

Recommended for in-table use
