

## Training with the Daack Pack

Following your initial consultation and assessment, our private sessions will support the training plan created during your consultation. Our services are designed to give plenty of options for the level of support that you may need.

After the Consultation and Assessment, location and setup of our sessions is dependent on safety, individual needs, training goals in collaboration with our client through a lens of what will lead to the most progress. All of our plans are custom designed for you and your dog.

FT. SOPHIA

### ★ Private Sessions:

- Our Private training sessions are 1 hour each with a Trainer, and are available to purchase as a single session, a 4 pack, or an 8 pack.
- Private sessions may be held virtually or in person.
- Sessions are not locked in as one "type" or another, as the needs of the dog and owners may change as training progresses.
- All of the following services also include taxes and fees, travel time up to 30 minutes to and from the session location, limited email support and access to our Facebook group in initial cost.

### ★ Before starting Training:

- Free 15 Minute Screening
- Onboarding Process
- 2-Part Consultation

### → Intensive Programs: (see flyers)

- Day Training
- Remote Day Training

### → Support Services:

- Group Training Hike Program (See FAQ)
- Canine Fitness Evaluation
- 30-minute Phone Support
- On-Demand Webinars
- Rotational Product sales

- All of the mentioned services include taxes and fees, travel time up to 30 minutes to and from the session location.
- Email support
- Access to our Facebook group in initial cost.
