

Getting Started with the Daack Pack

Our company prides itself in our dedication to collaboration. We accomplish this by creating a comprehensive Consultation Process that allows for you to be an advocate for your dog, yourself and your families needs and goals. All while receiving thoughtful and transparent advice from our team of professionals.

This unique and detailed process was custom developed by our team to be effective for both sides of the leash and allow you to build a relationships with multiple team members in the process.

★ Why Choose Us

- We strive for communication that is clear, kind, informative and collaborative.
- Our team of 4 has a combined 60+ years of experience.
- Trainers have their own unique backgrounds and a variety of professional industry acknowledgements, which allows for extensive internal collaboration during behind the scenes meetings to build out the training plan for each case.
