The energy-efficient way to a healthier life.

The Brand *Promise*

Since 27 years ago, La gourmet has never wavered from its twin core principles of “Conserve Energy” and “Healthy Living”

We are champion of our belief that healthy cooking requires healthy and safe cooking tools to create healthy living. Cooking is a great tool to create family bonding as “the family/friends who eat together stay together”

We believe that customers needs come first. We listen to our customers, what cooking results they want? The kind of food they are cooking? Their style of cooking? And their needs? With that in mind, we will introduce the elements most suitable for their cooking style. For example if they want “wok hei” cooking results we will introduce our Nitrikan Cast Iron wok to them. So it is not what we sell but what we can provide to meet the needs of customers that are our prioritise.

La gourmet is a brand that cares and believes in providing innovative cooking tools that will save time for the “working mum”, “moms at home”, “Chef at home” so they can free their precious time for what serves them productively.

Moving into the 21st century, La gourmet realised that we can do much more to reduce our carbon footprint as climatic change is affecting adversely the whole ecological system of the planet. We add on to our core principle of “Conserve Energy” with a greater emphasis on “Embrace Eco-Living with La gourmet”.

La gourmet has come out with many innovative energy and time saving products that will help our customers and us to walk the Eco journey of reducing Carbon footprint. We believe we need to relook at the ways we consume...

Crispier & Tastier
Excess oil drop separately

GALACTIC

The Revolutionary Cookware

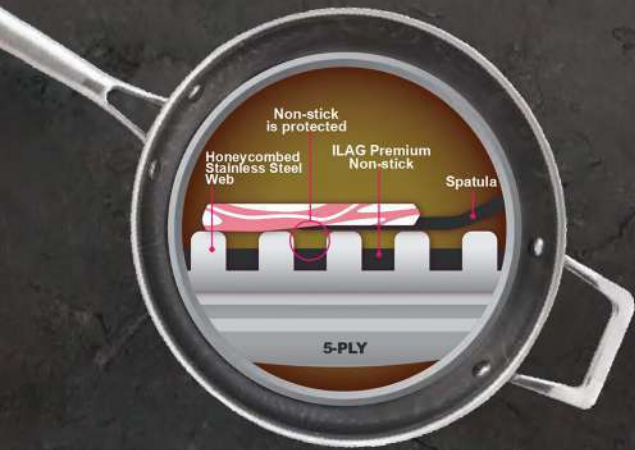

Where Stainless Steel Meets Non-stick - La gourmet Galactic

When it comes to choosing a new cookware, one always debates between stainless steel or non-stick cookware. The question is, why not both?

La gourmet Galactic is made with a solid 5-ply 18/10 stainless steel foundation that conducts heat extremely well, and a non-stick ILAG Premium surface from Switzerland. But there's more, the non-stick surface comes complete with a dotted honeycomb metal protective layer that acts as a shield to the non-stick surface, which makes it resistant to scratches and extremely durable.

A tough workhorse that's efficient for getting that perfect crisp pan-sear results, which is a great conductor of heat.

ILAG (PREMIUM) NON-STICK, SWITZERLAND

32cm Stainless Steel Galactic Wok
- LGGC342904 -

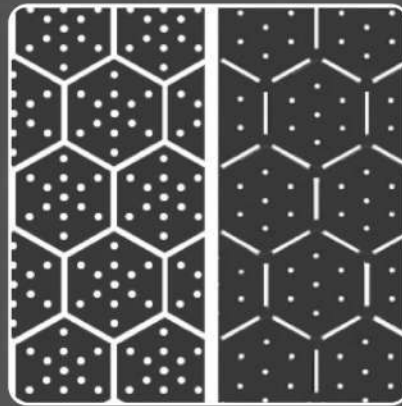

28cm Stainless Steel Galactic Pan
- LGGC342904 -

PROTUDING STAINLESS DOTS

The honeycomb structure and the dots protects the non-stick coating by a raised stainless structure

HIGHER DENSITY DOTTED SURFACE

It distributes heat faster and more evenly. The honeycomb surface also provides excellent non-stick results.

UP TO 5X SCRATCH RESISTANT

The interior surface protects the non-stick coating and makes it stainless steel utensil safe and friendly

Compatible with *all type of cooktops*

SHOGUN

SHOGUN NON-STICK SERIES

Unmatched Durability

Shogun Granite Plus is manufactured with a 9 layers system with special highly ceramic reinforced on the mid coat and another highly reinforced ceramic base coat on specially prepared substrate. It is again further reinforced with granite particles on the top coat to provide a non-stick coating with unmatched durability.

Professional Chef's Choice - stringent requirements for non-stick cookware namely:

- Long lasting non-stick capabilities.
- Fast to heat with good conductivity throughout the pan.
- Easy to clean. Shogun Granite Series meet the above requirements.
- Excellent Heat Conductivity and Energy Saving
- Body of the cookware is fully cast thick gauged aluminum which allows excellent heat conductivity that spreads out the entire body of the pan. This reduces the amount of energy needed for cooking.

Number of Layer	9
Coating Thickness μm	20-25
Curing Temperature $^{\circ}\text{C}$	420
Service Temperature $^{\circ}\text{C}$	250
Scratch Resistance (MTP)	★★★★★
Abrasion Resistance (BS)	★★★★★
Abrasion Resistance (LGA)	★★★★★
Corrosion Resistance	★★★★★

SHOGUN

TRITANIUM

GOOD

Universal, two-layer, non-stick water-based system Corrosion resistance has been further improved in the DURA version. Due to the overall performance and the good non-stick properties, the system is particularly suitable for normal use in cookware.

FUJI SERIES

BETTER

A three-layer non-stick coating ceramic reinforced with slight ceramic reinforcement for intensive use to stand all applications and needs. The scratch resistance was enhanced while maintaining the very good non-stick properties. Suitable for every day use where an attractive cost-performance ratio is important

Senjo Series
Furano Series

BEST

A three-layer non-stick coating with ceramic reinforcement, now with improved scratch and abrasion resistance. Long-lasting durability, high abrasion resistance combined with excellent corrosion resistance make this improved system the right choice for the most rigorous requirements
