TRIBECA LOUNGE COLLECTION

NOTES:

The modular components shown on this page are designed to be used in combination with other pieces to create the modular lounge of your choice. You can use pieces in a straight line or you can use them with another component to form a corner design—such as the modular and chaise options listed on the previous page. If you're making your own configuration, simply specify each piece individually. A modular can be formed with a CORNER RETURN MODULE in combination with a 1 Arm or No Arm Piece,. If you need some help, please get in contact.

In the case of a corner or modular sofa, these can also be made to face left or right, depending on the configuration that best suits your room. Feel free to add this in your notes when placing your order. If anything is unclear, we will get in contact with to clarify shortly after you place your order.

Tribeca is on display at our Bassendean Studio, book a lounge appointment through the menu to view the quality, look at fabrics and test the comfort.
