INDOOR KITCHENS

EXCLUSIVE INDOOR PRODUCT COLLECTIONS

Debuting in 2020, our award-winning Signature line of indoor kitchens is a marriage of materials and customization found nowhere else. Blending stainless steel with wood accented in either Maple, Oak or Walnut, the Signature line offers premium durability and a defined style rivaling the top luxury kitchen brands in the world. With unmatched customization and style, our Signature indoor kitchen line has forever altered the landscape of an industry once defined by a likeness of the same textures, materials and designs.

AlumX Outdoor Kitchens are a clean and minimalistic design, forged from Aluminum and coated with an ultra-durable powder coated finish, both inside and out. The Aluminum construction is a durable substrate that is made to withstand even the harshest of environmental conditions. Finish your AlumX outdoor kitchen in any of the 40+ John Michael signature curated colors to ensure a perfect match for your design application.

-  40 Powder coat colors and metallic finish options

INNOVATION & FUNCTION

Our award-winning Signature line of indoor kitchens is a marriage of materials and customization found nowhere else. Blending stainless steel with wood accented in either Maple, Oak or Walnut, the Signature line offers premium durability and a defined style rivaling the top luxury kitchen brands in the world. With unmatched customization and style, our Signature indoor kitchen line has forever altered the landscape of luxury kitchen design.

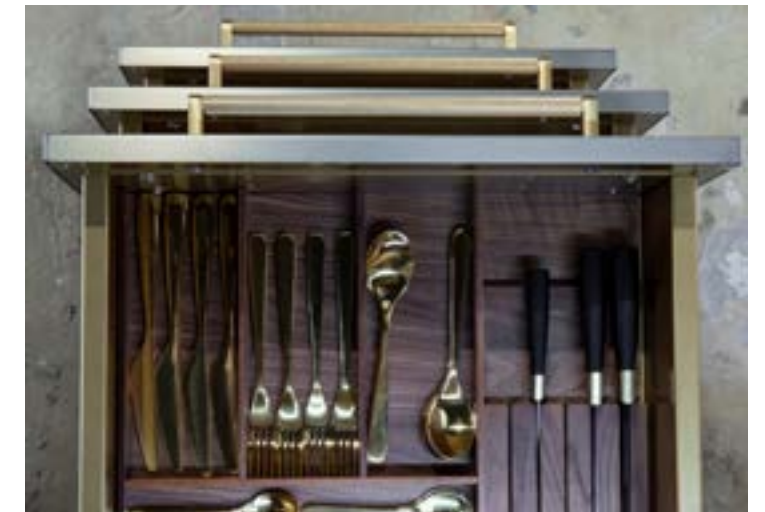

Signature Handcrafted Cabinetry

Our Signature cabinetry is crafted from the highest quality and heaviest stainless steel on the market today. A John Michael Signature cabinet consists of dozens of pieces forged into a cohesive whole, and each piece is skillfully crafted by hand in our South Carolina manufacturing facility. Every part of the production process is meticulous and precise, with up to 80 individual welds required to form a finished cabinet. The final product is a masterpiece of American ingenuity and unmatched quality.

FEATURES AND TECHNOLOGY

Range of VOX by John Michael vent hoods to customize for your design

Premium soft close cabinet and drawer technology

Appliance integration with custom fabrication, finish and installation

Hardware options offered in unique styles, colors and textures

World's finest stainless steel manufacturing and powder coating

Internal lighting and dimming options

CABINET TRIM OPTIONS

When it comes to adding the final touches to a kitchen, we are passionate about providing the perfect design options. A wide variety of designer colors allow for full bleed powder coating, or used as an accent. Doors and drawers are offered in four styles – Flat Panel, Frame, Sedona, and Alta. Lastly, cabinet and drawer interiors are built from maple and can be upgraded to Walnut, Maple, Oak or Stainless Steel.

FLAT TRIM

Our version of a slab, a modern sleek take on cabinet design. Minimalism demands purpose.

FRAME TRIM

Our thinnest frame trim style that stands at 3/8 inch and speaks to an elegant, minimal, and classic look.

ALTA TRIM

Our take on a modern shaker, this frame stands at 1.25 inch frame and defines clean design language.

SEDONA TRIM

The thickest trim we offer is a bold shaker style standing at 2 inches. Each heavyweight face has 6 handcrafted pieces.
