

Add-In-One 24 A240CX5 Ci31215U 8GB 128GB

DATA SHEET

Product Information

EAN	4711121447235
Brand	Acer
SKU	10383692
Manu Part #	DQ.Z2UEK.001

Software

Operating system installed	ChromeOS
----------------------------	----------

Memory

Internal memory type	DDR4-SDRAM
Memory slots	2
Memory layout (slots x size)	2 x 4 GB

Memory form factor	DIMM/SO-DIMM
Memory slots type	SO-DIMM
Memory clock speed	3200 MHz
Maximum internal memory	16 GB
Internal memory	8 GB

Network

Ethernet LAN data rates	10,100,1000 Mbit/s
Bluetooth	Yes
Ethernet LAN	Yes
Wi-Fi	Yes
Wi-Fi standards	Wi-Fi 6 (802.11ax)
Top Wi-Fi standard	Wi-Fi 6E (802.11ax)

Graphics

Discrete graphics card	No
On-board graphics card	Yes
On-board GPU manufacturer	Intel
On-board graphics card model	Intel® UHD Graphics
On-board graphics card family	Intel® UHD Graphics

Discrete graphics card model	Not available
------------------------------	---------------

Display

RGB colour space	NTSC
Colour gamut	72%
Panel type	IPS
HD type	Full HD
Touchscreen	Yes
Display diagonal	60.5 cm (23.8")
Display resolution	1920 x 1080 pixels
Display brightness	250 cd/m ²
Native aspect ratio	16:9

Processor

Processor boost frequency	4.4 GHz
Processor model	i3-1215U
Processor cache type	Smart Cache
Processor cores	6
Processor family	Intel® Core™ i3
Efficient-core Max Turbo Frequency	3.3 GHz

Processor manufacturer	Intel
Processor cache	10 MB
Performance cores	2
Processor base power	15 W
Performance-core Max Turbo Frequency	4.4 GHz
Maximum turbo power	55 W
Efficient cores	4
Processor generation	12th gen Intel® Core™ i3

Storage

Storage media	Flash
Optical drive type	No
Total storage capacity	128 GB

Audio

Built-in speaker(s)	Yes
Number of speakers	2

Weight & dimensions

--	--

Width (with stand)	540.8 mm
Depth (with stand)	200.5 mm
Height (with stand)	462.9 mm
Weight (with stand)	7.8 kg

Ports & interfaces

HDMI ports quantity	2
---------------------	---

Camera

Built-in camera	Yes
-----------------	-----

Performance

Product type	All-in-One PC
--------------	---------------

Product Description

Acer Add-In-One 24 is not a Chromebase AIO product. The Acer Add-In-One 24 is a PC consisting of an Acer Chromebox that plugs into the back of a docking monitor to provide the user with an experience comparable to that of a Chromebase all-in-one. Faster Processing With Intel vPro® and up to a 12th Gen Intel® Core™ i5 processor¹, the Acer Add-In-One 24 gives you all the horsepower you need to help you deal with everyday tasks. Future-Proof Design Unlike traditional Chromebase products where the device cannot be upgraded, the Acer Add-In-One 24 features a modular, future-proofed design that lets you swap in the latest Acer Chromebox device to directly upgrade the hardware. Simplified Video Conferencing This all-in-one desktop fits neatly onto any desk or in any sized meeting room and comes optimized for video conferencing with an integrated 115° wide-angle webcam with built-in camera shutter, dual microphones, and dual 4-watt speakers. Easy Viewing The all-in-one's beautifully designed 23.8" FHD (1920 X 1080) IPS narrow bezel display with optional touch functionality¹ comes with an anti-glare coating and can be tilted between -5° and 25° for excellent visibility and easier viewing. Built-in AI Noise Reduction Speak clearly and confidently in the busiest of places. This AIO comes with multiple AI noise reduction modes that actively suppress background noise from your environment to deliver clear audio to receivers on the other end. Securely Stored An Acer Chromebox CX15 is firmly secured to the back of the docking monitor and comes with specialized screws² to ensure that unauthorized personnel cannot tamper with it.
