Premium OPS Slot-in PC Intel® Core™ i5
## A powerful slot-in PC module for Touch Screens

Intel Processor	High Performance PC	Slot-In Design	Multiple OS Available	SSD Hard Drve	4K Compatible

Enjoy the benefits of seamless integration with the Premium OPS Slot-in PC Intel® Core™ i5 that can be easily inserted and removed from the rear of your Touch Screen for the ultimate in flexible working. This powerful compact solution is able to run Windows 7, Windows 8, Windows 10, Windows 11 or Linux and the Intel® Core processor powers this PC to the next class of slot-in computing.

	OPS-P5	
Max Supported Resolution	3840 x 2160	
CPU	Intel® Coffeelake U SOC, TDP 28W, I5-8279U	
RAM	8GB DDR4 (2666MHz | Expandable to 32GB |Dual Slot)	
Architecture	64-bit	
Graphic Engine	Intel® HD Graphics 655	
Internal Storage	256GB M.2 SSD	
USB Interfaces	USB 3.0 x 2, USB2.0 x 2, USB Type-C x 1	
LAN Specification	10/100/1000 Ethernet	
Wi-Fi	Dual-Band 5GHz/2.4GHz 802.11n/ac	
Bluetooth Support	Version 4.2	
Power Consumption	Average	30W
	Max	60W
	Standby	0.5W
OS Supports	Windows 7, Windows 8, Windows 10, Windows 11, Linux	
Front Panel Ports	1 x HDMI, 4 x USB 3.0, 1 x USB 2.0 Type-C, 1 x RS-232, 1 x RJ45, 1 x Mic in, 1 x Line Out	
Size (mm)	202x119x30	

A POWERFUL OPS SOLUTION

Performance meets Power
The 8th Generation Intel® Processors provides a new class of embedded computing with amazing new features. Three times more powerful than our Economical OPS this model is ideal for real-time rendering and 3D applications.

Solid-State Drive
Uses flash memory to store data, which provides better performance and reliability over an HDD as well as faster start up speed. Up to 10 times faster than a traditional hard drive.

Flexible Working
Run a wide range of different operating systems like Windows 8, Windows 10 or Linux to suit your way of working.

Intel 4K Graphics
Experience a remarkable 4K resolution, with faster frame rates and outstanding visual details thanks to the Intel® HD Graphics 655 card, built for compute-intensive applications.

Fully Embedded Solution
All the connectors are contained within the display including power and both video and audio signals so no external cables are required.

Quality Commitment
Built with industrial grade components you can be confident in the reliability of our product and so offer a 5 year warranty on the OPS computer.

DC Power Port
A mains power connection means the OPS can be used with display devices without an OPS slot.

Economical
Utilise a higher performance level while consuming less power.

*This product has a 5 year warranty when purchased with the Interactive Touch Displays otherwise a 3 year warranty is applied..

Why Choose Our Commercial Display Solutions?

Lifetime Technical Support

From the moment you receive your product, throughout the duration of your warranty and even after your warranty has expired we are here to support you. If you require any assistance setting up or using your product, or have any problems at all, we can provide free technical support via telephone and email.

On-site Support and Maintenance*

If needed, we can provide an installation service for any of our products. We can also set up service-level agreements for larger projects that require maintenance contracts.

Extended Warranty*

All of our commercial display products come with a 3 year commercial warranty as standard but if you want to extend this you can upgrade this to cover a 5 year period at point of purchase.

Training

As well as providing free remote CMS training sessions and webinars we can also visit you to deliver bespoke training for our software and hardware*.

Advanced Replacements†

Should your display suffer from any kind of hardware failure during the warranty period we will send you an advanced replacement and arrange for your old display to be collected, free of charge. This ensures no downtime where you are without a screen.

Custom Product Testing & Configuration

If you need us to test third party software or a website, or configure your screen in a particular way before it is dispatched (e.g. in a particular orientation or network mode), we can do so to make your life easier.

3D Rendering

Want to know how a particular screen will look once installed? Send us a photo of the location and we will create a 3D rendering of any screen in situ to help you to visualise how amazing it will look.

Logistics Support

We hold more stock in our UK warehouse than any other manufacturer so we can help you meet tight deadlines. For last minute orders we can also offer special express or morning delivery options*. We also carry out UK based quality control checks on every display before it leaves our warehouse.

Project Support

If you need to loan a sample unit to test we'd be more than happy to arrange this. We can also provide a rental service for temporary projects*.

Customisation*

Your display can be customised to suit your requirements by adding your logo or printed graphics or even tailoring the colour of a display. We can also carry out hardware modifications to existing products or manufacture bespoke solutions for special projects.

Extras*

As well as being able to provide accessories and add-ons, such as extra remote controls, NUC PCs and video wall controllers, we can also supply custom made flight cases which are great if a display needs to be moved safely from place to place.

†UK mainland only
