Retail Shop

The **high-street** is a **competitive battleground** with retail shops all fighting to grab customers' attention.

Digital Signage is at the forefront of a retail revolution as more shops realize the benefits of going digital, brands have the possibility to raise their brand awareness.

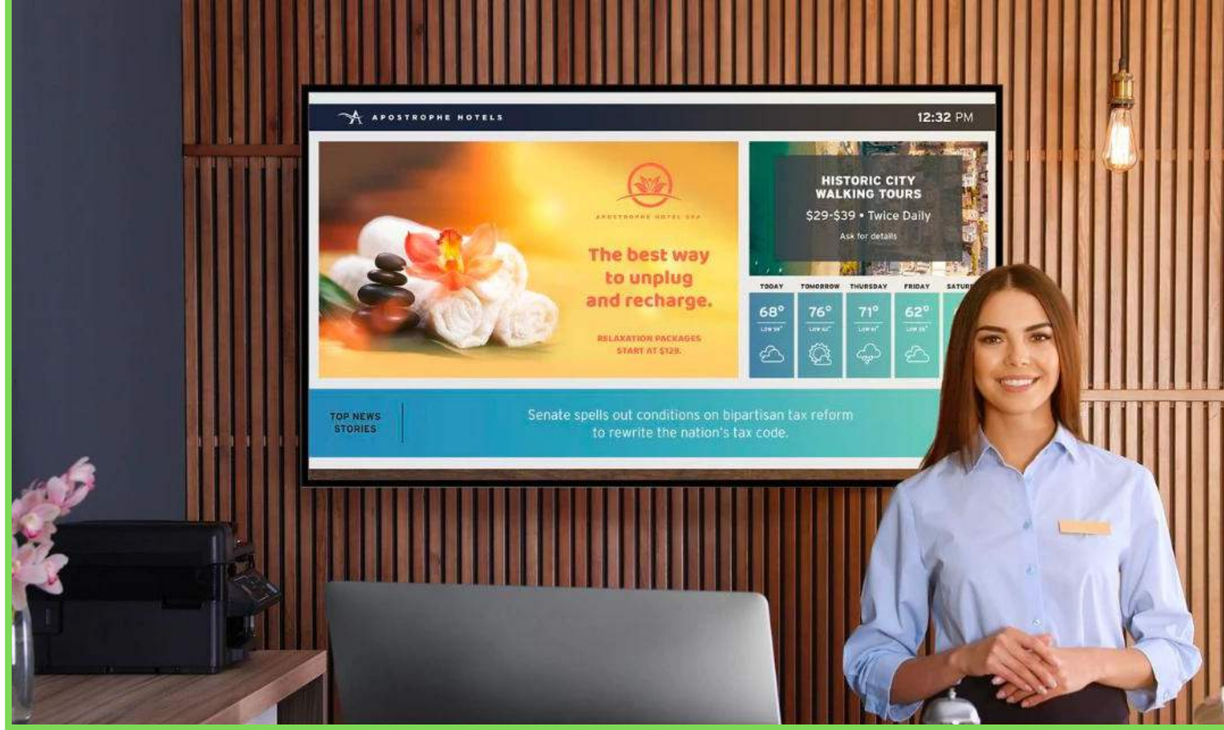
"Create a dynamic in-store experience with Screenmoove Digital Signage Solutions.."

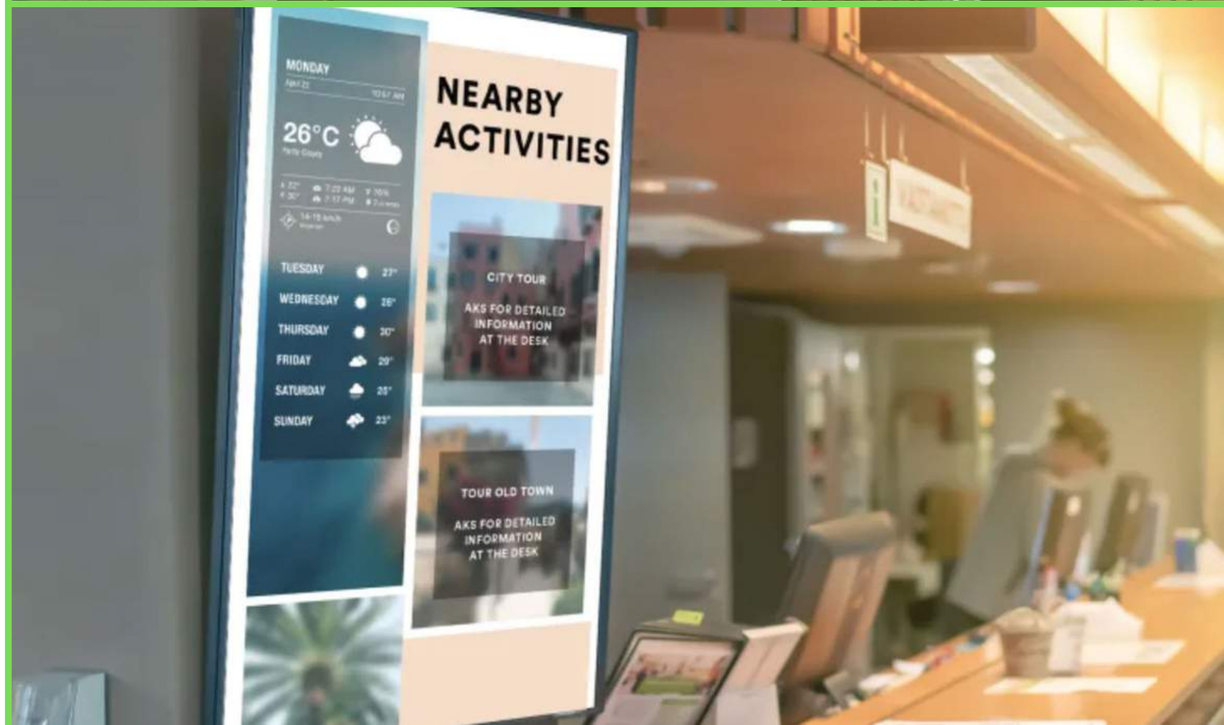
Hospitality

In-Location **Experience Management** for **Hospitality** Hotels, Salons, Health Spas and Wellness Centers.

Creating a warm and welcoming front-of-house experience with hotel lobby digital signage helps you to welcome new visitors.

"ScreenMoove Cloud CMS allows you to centrally managed from a single control panel to all displays that reducing technical time. "





Education

Reach **students** and **staff** with the **right information in the right place**

One of the biggest challenges in an environment with a constant need for information is to get your message through creating educational information is usually not a problem for a school or a university, but how do you compete with the constant flow of information in social media and inboxes?

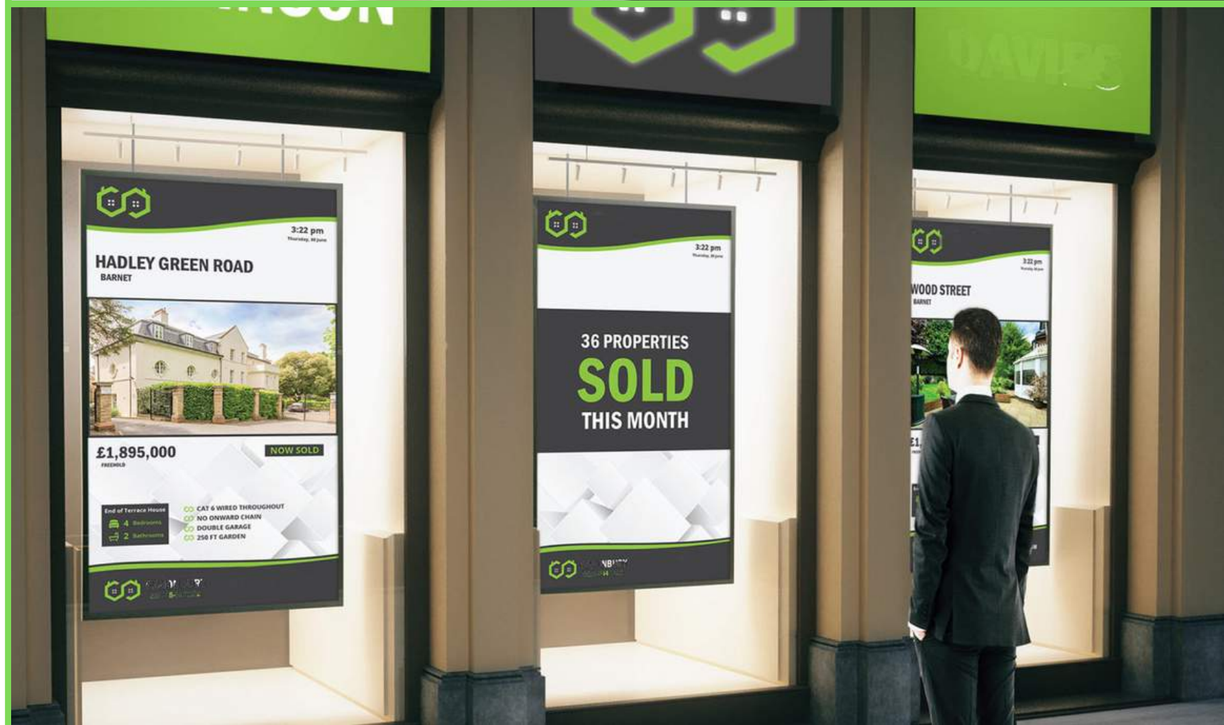
"It's easy to schedule content on your screens with ScreenMoove.."

Real Estate

Display hundreds of property listings on a **single media screen** in a storefront window.

Easily online update listings as information changes, ensuring they’re always accurate and up-to-date.

"Mimic the online real estate search right in your office or storefront window by displaying digital property listings.."



Dealership

Add a **large format video display**, **video wall**, or even a **touch screen kiosk** to create new interactive capabilities for customers on your showroom floor.

Available in 22”, 32”, 43”, and 55”, self-serve kiosks are the perfect addition to automotive industry.

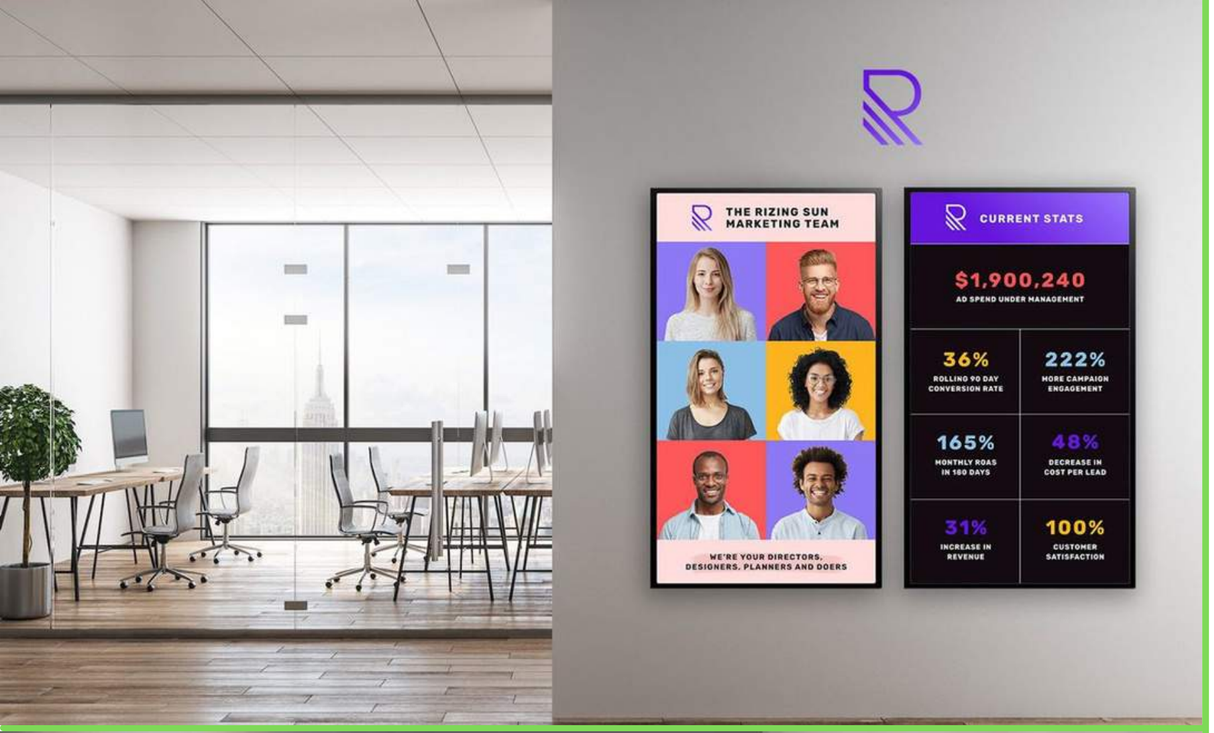
"Integrate kiosks to increase brand awareness via digital brand messaging.."

Healthcare

A better way to easily share information with your **patients** and **staff**.

Deliver patient experiences that make visits informative, comfortable, stress-free, and engaging so they will come back and see you again.

"All your screens, powered by one powerful digital signage cloud platform.."



Corporate

Motive your **workforce**, reach remote employees and **manage** your **shared spaces** more efficiently.

Enterprise CMS-based digital signage solutions. Digital signage screens are suitable for announcements, news, information, and collaborative whiteboards.

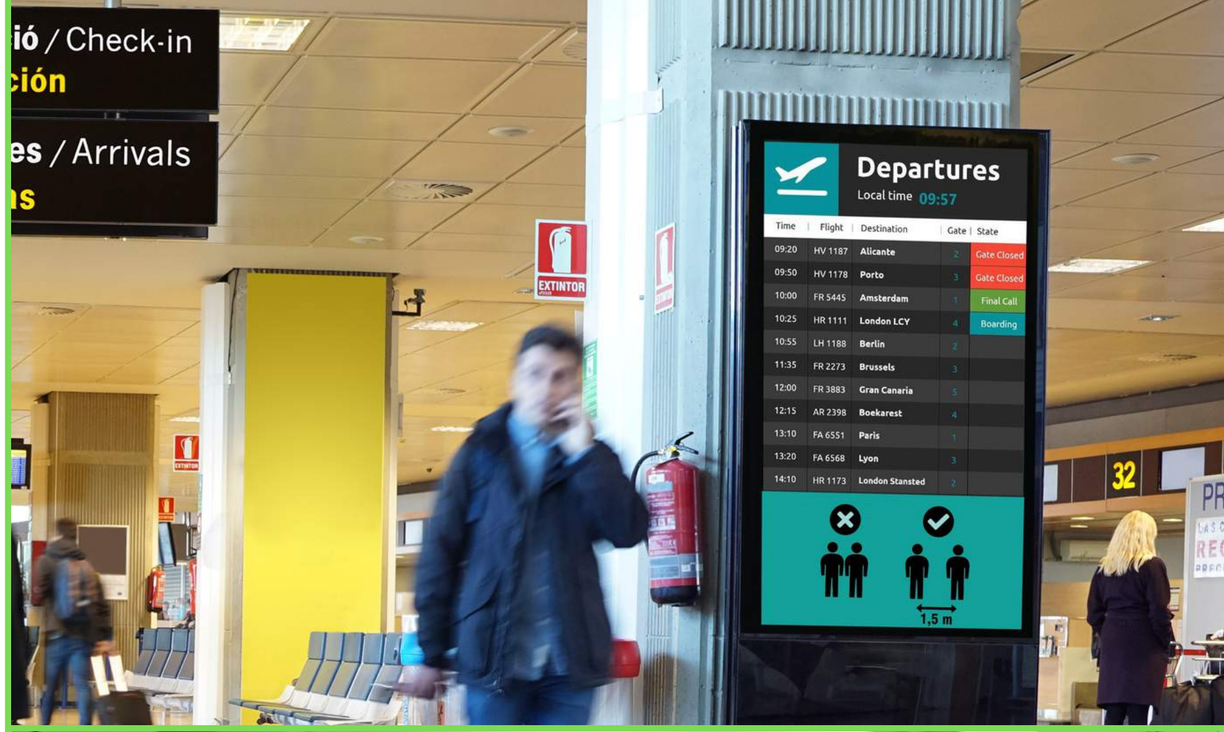
"Share high-impact content experiences that empower and engage employees, strengthen connections with students and staff, and grow customer loyalty and sales..."

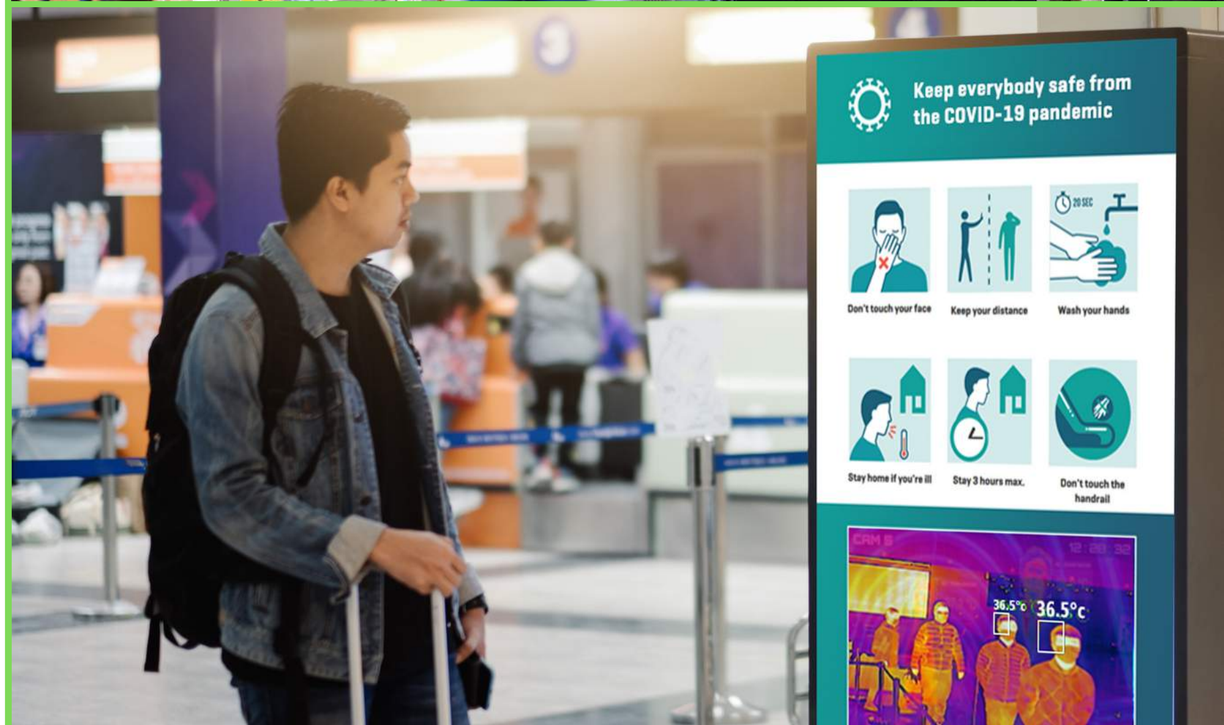
Transportation

Create powerful **passenger experiences** and **transform** the **transportation hub** through smart transportation digital signage solutions.

Advertisements for retail stores or restaurants inside the airport can be displayed on any screen, driving travelers into those businesses during layover times

"Transportation digital signage isn't just limited to displaying travel information..."





Construction

The Construction sector has a variety of uses for Digital Signage. Whether it be delivering **live information** about site **safety boards** that change automatically depending on **weather conditions**, or Project management and internal messaging.

"You can use digital signage in the construction industry as a project management display, training, safety instructions, site office displays.."

Entertaintment

Integrate digital signage solutions into the **entertainment venue** or **project** to **improve customers** buying experience and loyalty.

Easily online update listings as information changes, ensuring they’re always accurate and up-to-date.

"Add digital signage, video walls, kiosks, and interactive displays at your entertainment venue, all managed from one platform, to wow guests. .."

Food and Drinks

Digital signage is the **perfect solution** for **fast-casual** and **quick-service** restaurants, coffee shops, bakeries, breweries, bars, and more.

Bring your dishes to life with appetizing images and help your food stand out.

"Play videos, nutritional information, and much more with digital signage menu boards.."
