DATA SHEET

Product Information	
EAN	1001722917558
Brand	Poly
SKU	10347686
Manu Part #	7200-87310-102

Product Description

Help teams share ideas and express themselves clearly - in Ultra HD 4K. No ideas get left behind, because anyone can share wirelessly, annotate and capture content for later use. With detailed visuals and rich audio, people feel like they're together in the same room. With noise cancellation built-in, audio distractions like background noise and side conversations are a thing of the past. G7500 is deployment friendly too, with an intuitive user interface and flexible set-up that increases adoption and utilization. Backwards compatibility with legacy Polycom peripherals means there is no need to rip and replace when deploying the G7500.
