Product Description

Meetings just got easier. The ThinkSmart Hub meeting room device is making meetings more efficient than ever. Built on the Microsoft Teams platform, the redesigned Hub has a slimmer design with a sleeker display, more speakers and microphones, an innovative single-cable mechanism, and more visible indicator lights. It's still scalable across room sizes and features one-touch meeting start, for the best possible Microsoft Teams experience. The built-for-business Intel vPro® platform delivers the performance, security features, manageability, and stability IT needs and users want.
