Product Description

Maximum security, wireless freedom. Armor up with Savi 7300 Office Series to keep conversations private. The ultra-secure DECT wireless headset is the perfect choice for financial, medical, government, and contact centers or anywhere sensitive conversations happen. And with up to 2x better density than other DECT headsets, interference isn't a thing. Ultra secure Savi 7300 headsets don't just meet security expectations, they exceed them with secure pairing, 128-bit authentication and military-grade features, such as 256-bit AES encryption. Conversation stay private and secure. Interference free audio. With 2x better density compared to other DECT headsets more people in shared spaces can benefit from a wireless headset and work smoothly with clear interference free audio. IT can deploy more Savi 7300 Office Series compared to other DECT headsets without concern. Confidential conversations. Make sure no one on the call can overhear nearby conversations. With our noise-canceling microphone enhanced with Poly Acoustic Fence technology, that meets the Microsoft Teams Open Office specification, private conversations stay private.
