Part No.: [462211](#)

EAN-13: 0766623462211 | UPC: 766623462211

VESA laptop holder - Ergonomic workspace optimizer that raises your laptop off your desk to eye level

Optimize your workspace and increase productivity by elevating your laptop off your desk. Bringing it to eye-level helps you achieve proper posture and prevent back and neck strain. Attach the holder to a single monitor mount so you can use your laptop while standing, or attach it to a mount with two arms to create a dual-display setup along with another monitor. Two screens will prevent the need to switch between applications, saving time. Ideally paired with full-motion gas spring mounts (available from Manhattan), this laptop holder lets you position your notebook with maximum flexibility.

Maximum compatibility and safety

This laptop holder attaches to any 75x75/100x100 VESA-compliant mount and supports any notebook brand from 11" to 17" and up to 4 kg (8.8 lbs.), such as HP[®], Apple[®] MacBook[®] Pro / Air, Lenovo[®] ThinkPad[®], Asus[®], Dell[®], Acer[®], LG[®], MSI[®], Samsung[®] and more. It is perfect for smaller work environments like cubicles, providing everything you need while using less space.

Vented for your device to keep its cool

The open design with an X base provides air circulation to help your laptop cool properly, which is much better for your hardware than setting it flat on a desk, table, or fabric surface like a sofa. The free airflow will help your device operate

at peak performance without overheating.

Features:

- Ergonomic workspace optimizer that raises your notebook off your desk to eye level
- Attaches to monitor mount with VESA standards 75x75 and 100x100
- Holder with extendable arms for one 11" to 17" laptop up to 4 kg (8.8 lbs.)
- Rubber pads prevent slipping and protect your device from scratches
- Included safety straps for an additional layer of security
- Open design for increased airflow to keep your laptop cool and prevent overheating
- Sturdy steel construction with antistatic powder coating
- Easy and quick installation, all hardware included
- Ideal for use with Manhattan Gas Spring Monitor Mounts, available separately
- Lifetime warranty

Specifications:
