

HEALING ESSENCES FROM THE HEART OF NATURE®

May 2014 Online Specials

The Gift of Change

The gift of the elemental kingdom is energy for change. The environment, through the elements of air, earth, fire, and water, supplies vital nourishment for all living things. Essences made from the environment provide the potent qualities of energy we need to create and sustain change at the core level of our beings. They are very catalytic in their actions and are often indicated when a strong, cleansing energy is needed to awaken or bring vitality to someone who is not responding to other therapies or modalities. They also provide a strong base of support for our healing work with flower essences, lending energy and vitality to the healing processes catalyzed by the flowers.

Chalice Well

Chalice Well connects us to the profoundly personal and eternal support that is constantly available from the angelic, elemental, plant and mineral kingdoms. It reminds us that we are not alone - we are a part of the entire web of life and All That Is, and we can draw upon this matrix of support whenever we are struggling and need help to take the next step on our life path.

Full Moon Reflection

Full Moon Reflection is an essence of reflected light - the sun's light reflected by the full moon off the water of Kachemak Bay and into the snow filled canyon. This essence penetrates deep into the subconscious to bring forth that which lies unresolved beneath the surface. It offers us an opportunity to let our shadow-self be illuminated by the light of our conscious awareness.

Glacier River

Glacier River embodies the process of perpetual release from form. It helps us release patterns of feeling, thinking and doing that have become rigid and unyielding.

Greenland Icecap

Greenland Icecap essence contains the intense energy of convergence, the energy of the natural movement of the earth's crust translated upwards through thousands of feet of ice. This essence helps us remain flexible and feel supported as we move through deep inner change.

Liard Hot Springs

Liard Hot Springs is an essence of cleansing, re-creation and renewal, that brings us back in touch with the innocent truth of who we really are--spiritual beings who have come to this earth to learn.

Northern Lights

Northern Lights is an essence of reaching beyond ourselves into the fundamental creation forces of the universe. For cleansing and re-patterning our energies, at a very deep level. Helps us release energies from the heart which have been allowed to obscure our original life patterns.

Polar Ice

Polar Ice is an essence of transition and the completion of cycles; for achieving a more patient understanding of the subtleties of time; helps us stay present in a place of pure waiting, with no anticipation of what it to come.

Portage Glacier

Portage Glacier is a powerful and catalytic energy that helps us release what is unnecessary and inappropriate in our lives from the mental, emotional, etheric, and physical bodies. Use it to revitalize and balance the entire energy system.

Rock Spring

Rock Spring is an essence of hope and miracles! It embodies the constant proof that everything is possible. It is an essence that can help us find our way through seemingly insurmountable obstacles with infinite patience and never ending trust.

Solstice Sun

Solstice Sun catalyzes our ability to access and circulate a stronger current of light energy throughout the physical body. It opens the heart and the energy pathways of the body in preparation for a "peak" experience, and helps a person integrate such an experience after it has taken place.

Stone Circle

Stone Circle introduces a highly balanced and protective energy into the aura that invites us to relax, rest, and replenish our vital forces. This essence is especially helpful for those doing energy balancing work with people and spaces, as it will enable them to maintain their openness and sensitivity without absorbing or "taking on" any of the energies they are being asked to clear.

Tidal Forces

Tidal Forces is an essence of rhythm and balance, of loss and gain, of adapting ourselves to the swiftly changing currents of life. Helps us release the old and receive the new with constant and unyielding fluidity. Soothes and balances overly sensitized, fiery states of being; washes away mental resistance to change; helps us accept what is in the present moment.
