CAMP IS WHERE YOU PARK IT.

Cascadia Vehicle Tents

CVT was created to be more than just a company — we're a community — with the idea that a family built on integrity and communication will always prosper. Giving all one's heart to something is the purest form of commitment, and through this commitment a mere product is transformed into a life-changing service. We put our name on everything we do as a promise to you, our family, and we embrace our mission to get families back outdoors.

CVT: A Home-Grown Family Business

At CVT we're a home-grown, family business and we strive to bring the best rooftop tents to everyone who shares our passion for the outdoors. We're proud that our products are used by everyone — from hardcore overlanders to weekend campers. While some people may think that's "too commercial," we're happy about it because it allows us to meet all the great people that make CVT customers and bring the joy and passion of RTT to everyone who walks through our doors.

We strive to be helpful, enthusiastic, approachable, real and trustworthy. Those values that make up our company are what we bring to every person who inquires about our products. Heart is what makes up our company, and you can see it in everything we do.

Being a family business makes us think a little differently, and we wouldn't trade it for anything. We encourage everyone to call, email, or come up to us whether it's on the trail or at an event.

Sharing our passion for rooftop tents is our goal and we would love to talk to you about our company.

“ This place has the most AMAZING customer service! We've had our tent on top of our car for about a year, and it has been such a perfect camping tent. I would recommend CVT's rooftop tents over an actual tent any day of the week. ”

—Mauricio F.

CVT PIONEER TENT
