In this case with Winstrol and Anadrol I would dose 25mg of each....no higher. I don't see a problem with that, but 50mg of each is just being careless and reckless. You will trash your liver and lipids, and probably feel like shit doing that. I think NY ROBO uses Drol and Winny, hopefully he'll pop in here. Anadrol + Winstrol Cycle. vanderwerf December 14, 2015, 5:25pm #1. Hello everyone, I am new to this forum and I would like your advice on the cycle I am starting on Monday. I hope I am in the right place. I already made this cycle ones, I obtained good gains but my problem was the post cycle where I lost over a 50% of them during the next month. Re: Anyone try Anadrol and Winstrol together? They're such opposit that they'd balance out. I'd imagine 50 mg of drol and 50 mgs of winny would bring very similar results as 75mgs of dbol.
