TOPLOAD WASHER

FOR VENDED LAUNDRY APPLICATIONS

INDUSTRIAL
BY DESIGN

Simplifying Ownership

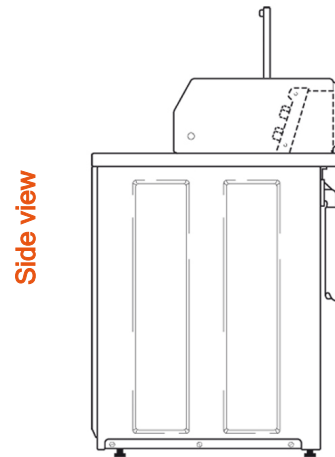

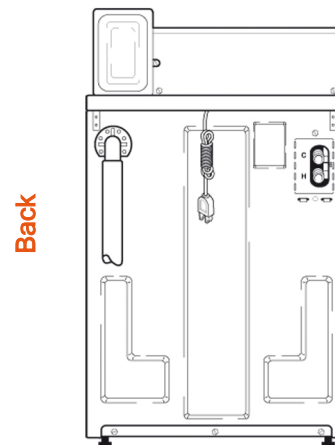

- Energy Efficient
 - Water-saver cycle reduces hot water consumption
- Lower Costs
 - A 1/2 HP motor produces a 710 RPM spin speed, which keeps drying times and utility costs down
- Rugged Reliability
 - Solid construction and heavy-duty components deliver the strength necessary for years of dependable service
- Serviceability
 - 100% front serviceable - meaning less down time
- Superior data
- Clean Results
 - A 210° agitation stroke - the longest in the industry - produces excellent washing results
- User Friendly
 - Easy coin drop, while a digital display keeps you informed of time remaining in the cycle
- Maximum Productivity
 - Superior out-of-balance protection to ensure cycles continue without stopping

Control

- MDC Control
 - Four cycle options
 - Digital display shows the vend price
 - Cycle time countdown and LED indicators - easy to follow the wash cycle progress
 - Cycle time: long/short cycle
