

HORL[®]
Scissors

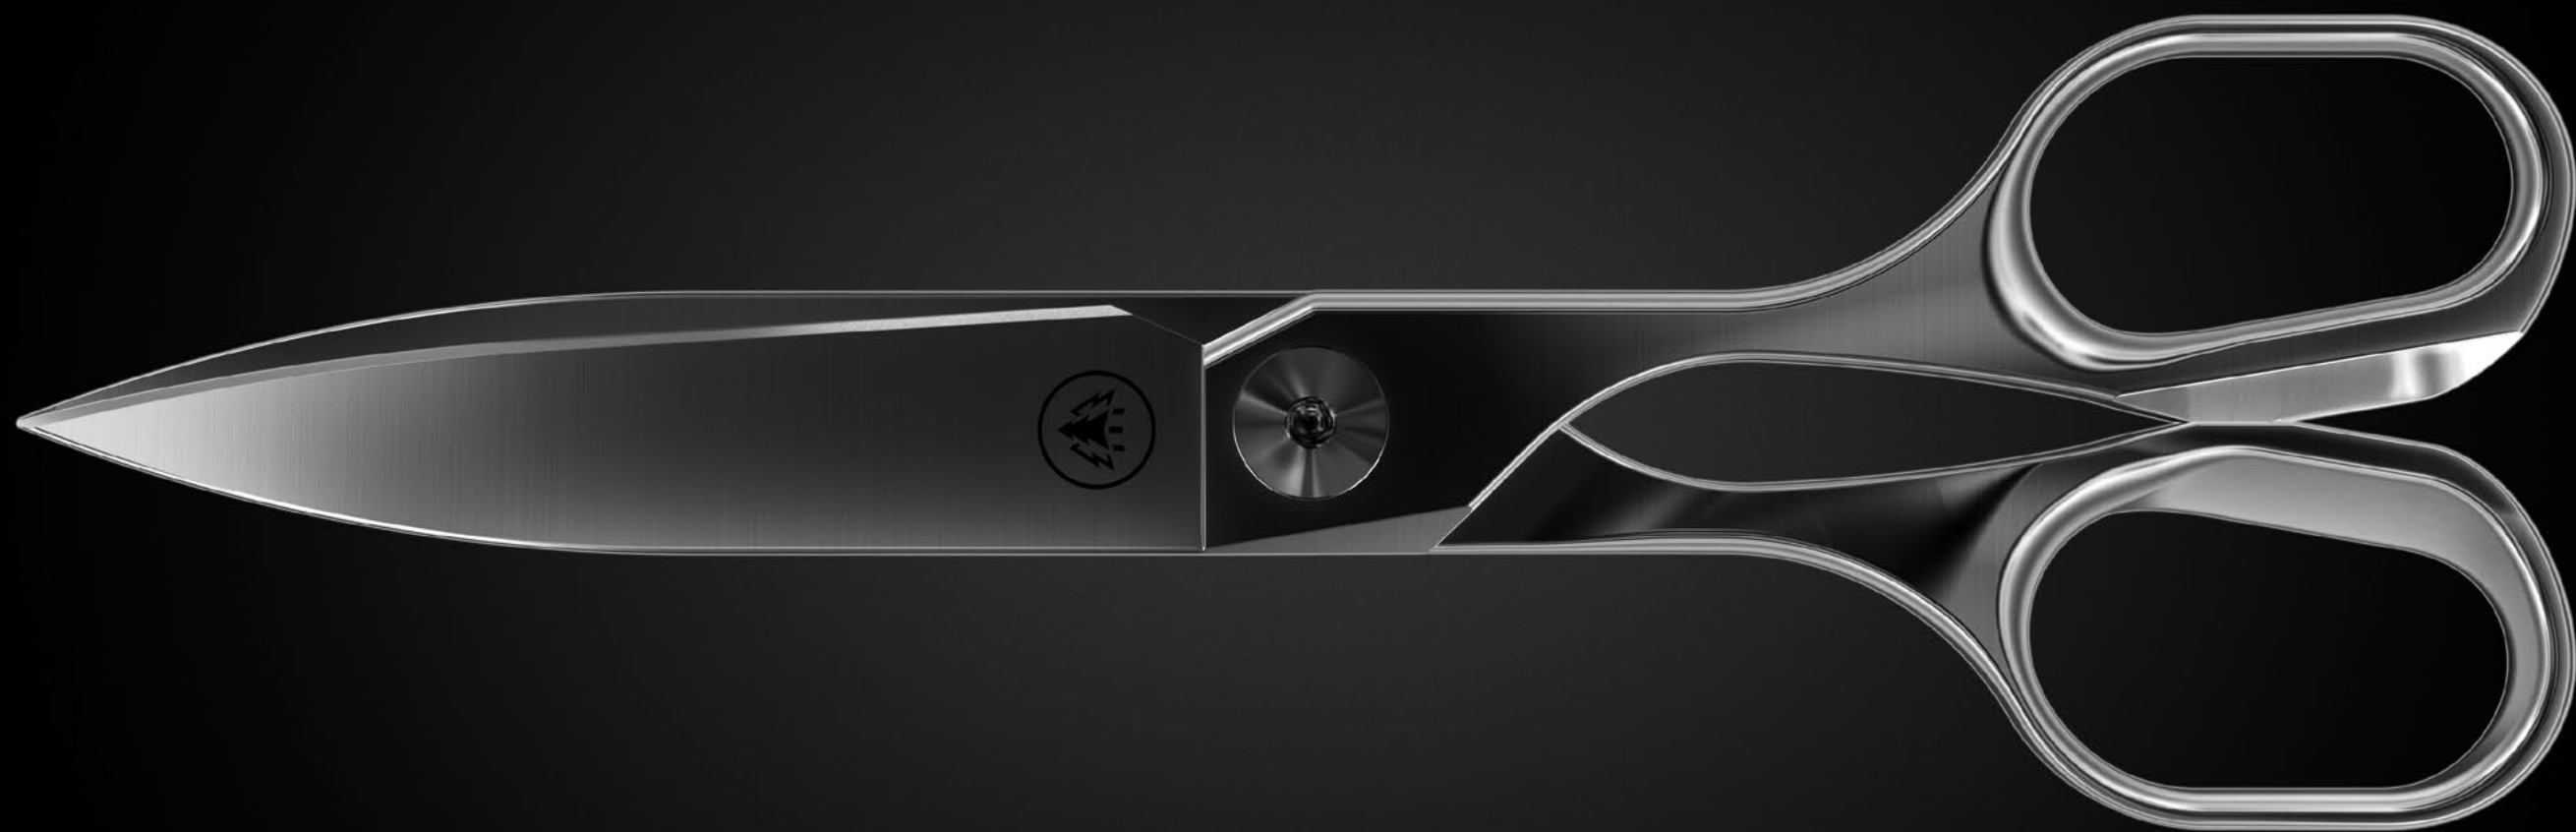

THREE FIR TREES ONE MISSION

With a pioneering spirit that drives us forward, we at HORL® create products for eternity. The source of our inspiration is the Black Forest, where our roots are. Here we come up with new ideas for industry-leading products that are unmatched in both innovation and quality.

Perfectly devised, precisely made and forever by your side.

The first *of its kind.*

The last *you'll ever need.*

THE PIONEER OF ENDLESS SHARPNESS

It is time to reconsider your expectations regarding scissors.
Discover the first scissors that you can sharpen yourself at home –
with the HORL® Sharpener.

HORL® Sharpener

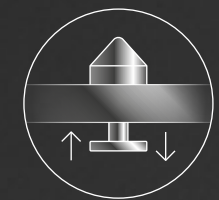

HORL® Scissors

OPENS NEW DIMENSIONS

One movement. Two blades.

You unleash the magic of HORL® scissors with the spring-loaded quick-release. One click opens up completely new possibilities. It's in your own hands.

Pre-loaded
quick-release

TOGETHER SIMPLY SHARP

Position. Grind. Cut.

Two innovations that are a perfect match. In no time at all,
you can refresh your HORL® scissors' sharpness with your HORL® Sharpener.
Again, and again. As often as you like.

Innovative
HORL® principle

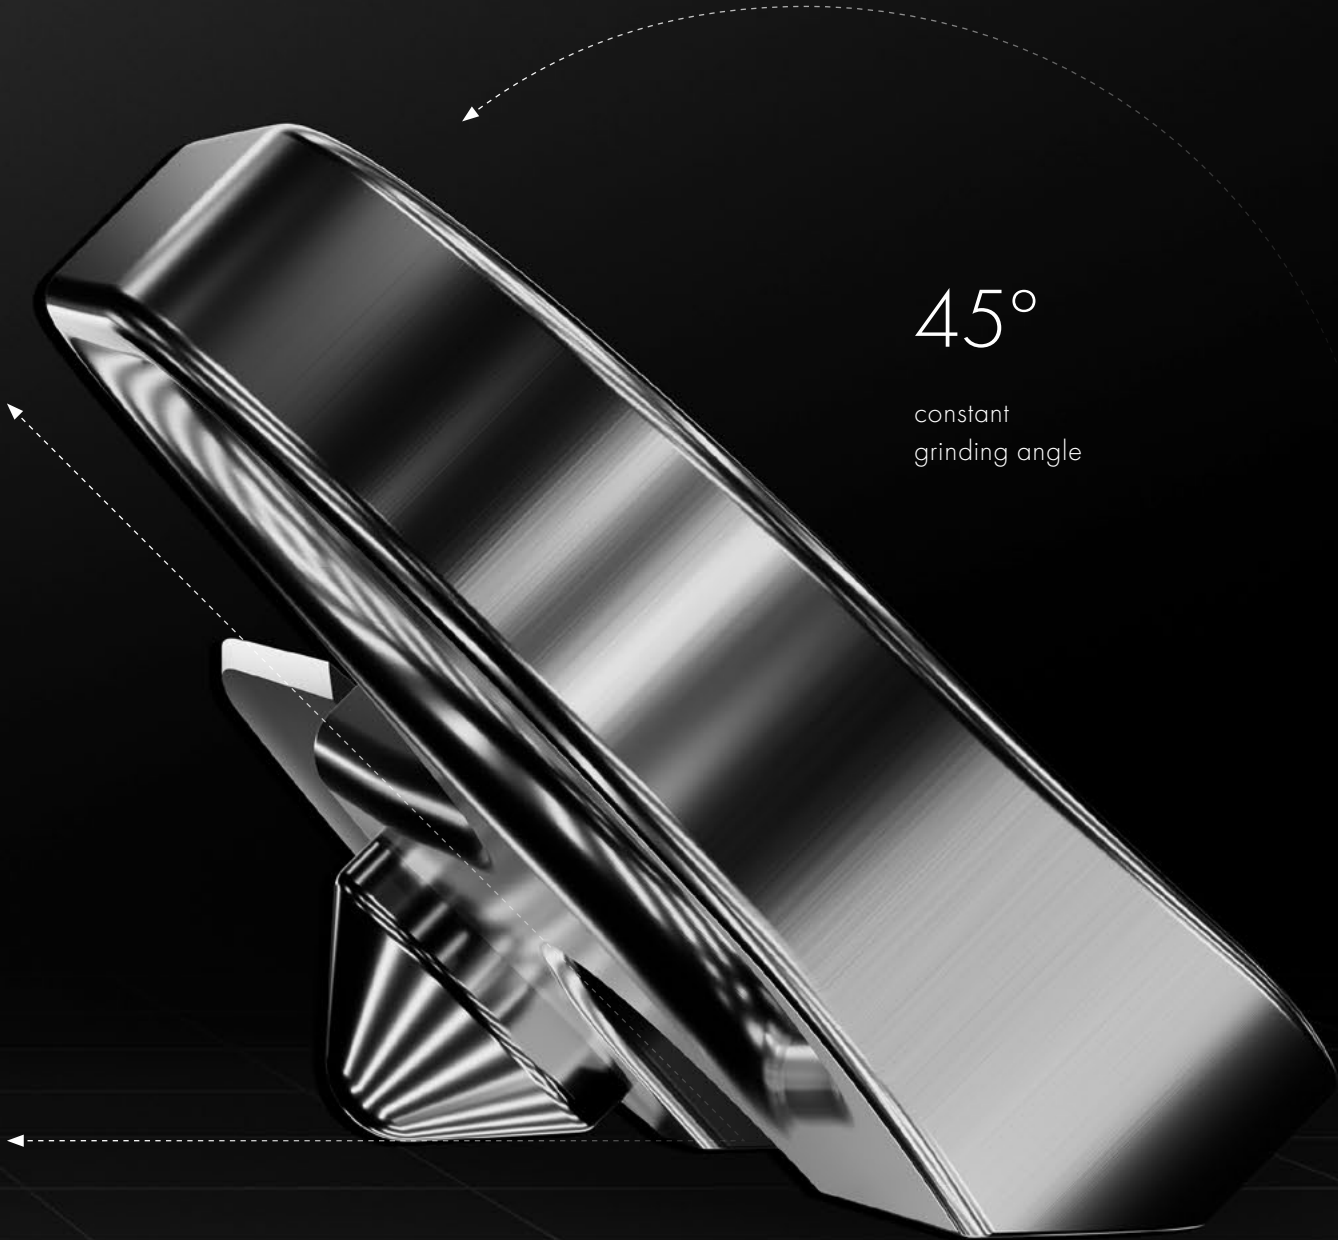

PERFECTLY POSITIONED

Hiding in plain sight.

Thanks to their three perfectly aligned contact surfaces, the HORL® scissor halves automatically stand at the optimum 45° grinding angle. Giving precise results. Without any angle support.

integrated
contact surfaces

A NEW DEFINITION OF SHARPNESS

Scissors can be so sharp.

The HORL® cross-hatch grind offers you a level of sharpness that was previously only possible with high-quality kitchen knives. Witness a cutting experience that sets a new benchmark.

Reproducible
HORL® cross-hatch grind

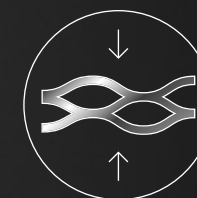

ENDLESS PRECISION

Efficiency where you need it most.

Namely everywhere. The quick-release is spring-loaded to ensure ideal tensioning of the scissor blades. For a perfect cut along the whole cutting edge, every last millimetre.

100%

Sharpness in
every millimetre

Dynamic
tensioning

EXCELLENCE, YOUR WHOLE LIFE LONG

HORL® products are made to stay with you forever.
That's why we manufacture them together with our regional partners
in the Black Forest. With the highest precision, no-compromises
in quality and attention to the tiniest details.
