TIFFANY SHADES

We can custom make to any style and size.

CUSTOM MADE GLASS

BENT GLASS BOWLS

Used for centres in rings, bezels, flush ceiling mounts, pendants & centre pieces in multi-arm chandeliers.

Any size up to 900mm diameter.

We have over 300 different coloured opal, cathedral and textured glasses from our sister company Kansa Craft who are specialist decorative glass wholesalers.

Please refer to pages 3-10 in our Stained Glass catalogue PDF for the full range of colours.

Diameter (mm)	295	310	342	393	465	480	600	900
Depth (mm)	80	80	75	95	88	92	130	175

TUNNEL BENDS

Used for flush wall lights. We have a large selection of moulds for different diameters & heights

DRILLING

Holes from 6mm to 51mm Diameter drilled in glass

KILN FORMED GLASS

TEXTURED

We can hand cast patterns into a mould to give glass a textured effect

FRITTED

Glass frits can be spread on float glass and fused to give a sparkly appearance

AGED

This is a process whereby the glass is heat treated varying levels of distortion

LEADED GLASS

We can make windows and Victorian style globes using this technique

BRILLIANT CUTTING & CUSTOM BEVELLING

To create cut stars and bevelled edges to lighting panels and car headlights
