Una declaración de principios.

Nuestros productos están diseñados y fabricados íntegramente en nuestras instalaciones con energía 100% renovable, con un sistema integrado de producción con gestión ambiental y control de la calidad certificados. Eco-diseño y fabricación con hilo rPET post-consumo con certificado GRS, libres de sustancias nocivas para las personas y el medio ambiente según certificado Standard 100 Clase I de Oeko-Tex. Comprometidos con un modelo de crecimiento económico socialmente más inclusivo y respetuoso con el medio ambiente, estamos adheridos al Pacto Mundial de Naciones Unidas para el desarrollo sostenible (ODS).

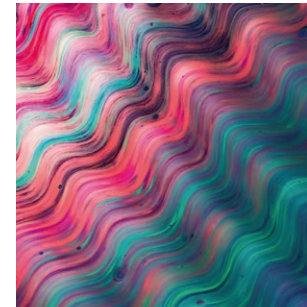

A statement of principles.

Our products are designed and manufactured entirely in our facilities with 100% renewable energy, with an integrated production system with certified environmental management and quality control. Eco-design and manufacturing with GRS-certified post-consumer rPET yarn, free of harmful substances for people and the environment according to Oeko-Tex Standard 100 Class I certification. Committed to a model of economic growth that is more socially inclusive and respectful of the environment, we are adhered to the United Nations Global Compact for Sustainable Development (SDG).

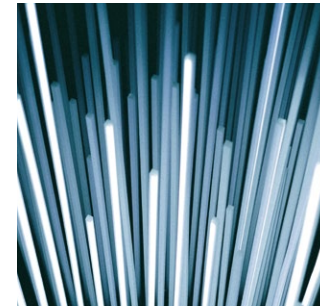

Une déclaration de principes.

Nos produits sont conçus et fabriqués entièrement dans nos installations avec une énergie 100% renouvelable, avec un système de production intégré avec une gestion environnementale et un contrôle de qualité certifiés. Eco-conception et fabrication avec du fil rPET post-consommation avec certificat GRS, sans substances nocives pour l'homme et l'environnement selon le certificat Oeko-Tex Standard 100 Classe I. Engagés dans un modèle de croissance économique plus inclusif socialement et respectueux de l'environnement, nous sommes adhérents au Pacte mondial des Nations unies pour le développement durable (ODS).
