OUR VISION.

NeMo® is founded on a commitment to adventure, to the fearless pursuit of uncharted paths, in everything—from the equipment we build to the way we run our business. Bravely exploring opens our minds, brings us closer to the people we depend on, sharpens our wits, and lifts our spirits.

Adventure gives us purpose and perspective. It makes us humble and proud.

We believe meaningful adventures are possible for anyone, anywhere. Possible, that is, if you bring the will, the imagination, and the right gear.

NEMO is constantly developing new aluminum pole technology, hardware, and frame configurations to maximize the strength, wind resistance, interior volume, weight, and usability of our tents. We pursue simplicity and pure geometric forms wherever possible. Classic arch shapes are used to fend off top loads and catenary curves transfer tension through fabric panels. Every design element is deliberate and has a functional purpose, much like nature itself.

**APOLLO™ 3P HIGHLIGHTS**

**Reinforced pocket** at peak to capture included main pole. Webbing loop on outside allows you to hang the tent if you want to leave the pole at home.

Create a **versatile sunshade** by tying back both vestibule doors of Apollo 3P™.

An **Integrated vestibule** means less jostling for position and gear storage in the tent.

**Setup is fast and easy** thanks to a sewn-in cord that helps you quickly find the optimum stake position.
Build your perfect bikepacking kit by combing the Apollo 3P with our Escape Pod 1P Bivy and the Moonwalk sleeping bag.

**APOLLO™ 3P COLLECTION**

Unique NEMO AST® airbeam, or inflatable rib, weighs hardly anything and packs smaller than traditional poles for the perfect bikepacking solution.

**ESCAPE™ POD 1P BIVY**

The first sleeping bag with a waterproof tub design, the Moonwalk™ can be used directly on the ground.

**MOONWALK™**
NEMO guarantees every product we sell. We put great effort into choosing the best materials and providing you with the highest level of workmanship. We obsess over every design decision to ensure you get the greatest comfort and protection possible. Our process begins with pencil and paper and evolves methodically through computer modeling, prototyping, testing, and development. We strive to design and build the best outdoor equipment on the planet.

NEMO products carry a lifetime warranty against defects in workmanship and materials to original owner, with proof of purchase or warranty registration. Warranted products will be replaced or repaired at NEMO’s discretion. NEMO does not warranty products against normal wear and tear, unauthorized modifications or alterations, improper use, improper maintenance, misuse or neglect or if the product is used for a purpose for which it is not intended.
