Our Vision.

NEVA is founded on a commitment to adventure, to the fearless pursuit of uncharted paths, in everything—from the equipment we build to the way we run our business. Bravely exploring new directions opens our minds, brings us closer to the people we depend on, sharpens our wits, and lifts our spirits. Adventure gives us purpose and perspective. It makes us humble and proud.

We believe meaningful adventures are possible for anyone, anywhere. Possible, that is, if you bring the will, the imagination, and the right gear.

Adventure Anywhere™
A NEW PATH TO LIVABLE ULTRALIGHT

The greatest amount of interior room per ounce you will find in any tent. The ultimate solution for ultralight backpackers who still value a good night's rest, or a comfortable shelter for waiting out a rainstorm.

Innovative transverse pole configuration is lighter, easier to set up, and more stable than other non-freestanding and trekking pole designs.

The highest performance fabrics in the industry, with all top shelf components including DAC Featherlite® NFL poles.

NEMO is constantly developing new aluminum pole technology, hardware, and frame configurations to maximize the strength, wind resistance, interior volume, weight, and usability of our tents. We pursue simplicity and pure geometric forms wherever possible. Classic arch shapes are used to fend off top loads and catenary curves transfer tension through fabric panels. Every design element is deliberate and has a functional purpose, much like nature itself.

**BLAZE™ 1P HIGHLIGHTS**

**Nearly vertical sidewalls** provide an unbelievable amount of livable space.

Setup is fast thanks to the **innovative pole configuration**. Blaze has half the number of pole attachments of most ultralight tents.

**An interior mesh pocket** is nicely sized to fit glasses, watch, or your phone.
**BLAZE™ 1P ACCESSORIES**

**Footprints** reduce the wear and tear on your tent floor from contact with the ground. They are made of 75D abrasion-resistant nylon fabric and perfectly sized to your tent. The fabric is PU coated for waterproofness.
NEMO guarantees every product we sell. We put great effort into choosing the best materials and providing you with the highest level of workmanship. We obsess over every design decision to ensure you get the greatest comfort and protection possible. Our process begins with pencil and paper and evolves methodically through computer modeling, prototyping, testing, and development. We strive to design and build the best outdoor equipment on the planet.

NEMO products carry a lifetime warranty against defects in workmanship and materials to original owner, with proof of purchase or warranty registration. Warranted products will be replaced or repaired at NEMO’s discretion. NEMO does not warranty products against normal wear and tear, unauthorized modifications or alterations, improper use, improper maintenance, misuse or neglect or if the product is used for a purpose for which it is not intended.

If you are having a problem with your NEMO product, please visit www.nemoequipment.com/support/warranty-returns/ or call NEMO Customer Service at 1-800-997-9301.

We will do our best to see that you are satisfied with your NEMO product. Our goal is to get you back to the outdoors as quickly as possible.

Register your NEMO product for warranty online and receive a code for 10% off at the NEMO webstore!

nemoequipment.com/tent-manufacturer-warranty

Except as expressly set forth in these terms and conditions, NEMO is not liable for any direct, indirect or consequential damages arising out of or resulting from the use of a NEMO product. The warranties set forth in these terms and conditions are in lieu of all other warranties, express or implied, including without limitation, implied warranties of merchantability or fitness for a particular purpose.
WARNING

Never place your stove, campfire, or other flame source in or near your tent. Never cook, light, or refuel a stove or any other heat source inside your tent. Death by suffocation and/or serious burns is possible.

Maintain adequate ventilation inside your tent at all times. Death by suffocation is possible.

Anchor your tent properly at all times to reduce the risk of loss or injury to the tent or occupants.

Carefully consider the possibility of falling rocks or tree limbs, lightning strikes, flash floods, avalanches, strong winds, and other hazards when choosing a campsite to reduce the risk of loss or injury.

If you have additional questions, please contact NEMO Equipment, Inc. at 800-997-9301.

NOTE: All 2015 NEMO tents meet the CPAI-84 standard for flame retardancy.
