SLEEPING BAGS
OUR VISION.

Our vision is founded on a commitment to adventure, to the fearless pursuit of uncharted paths, in everything—from the equipment we build to the way we run our business. Bravely exploring opens our minds, brings us closer to the people we depend on, sharpens our wits, and lifts our spirits. Adventure gives us purpose and perspective. It makes us humble and proud. We believe meaningful adventures are possible for anyone, anywhere. Possible, that is, if you bring the will, the imagination, and the right gear.

Adventure Anywhere™

Insulation Technology
Premium 850 fill power down offers extreme warmth, lightweight performance and minimal pack size.

Lacing system on the back of Siren™ eliminates drafts and saves weight over conventional designs. The stretch footbox sleeve anchors Siren™ to your pad and seals in warmth.

For customizable comfort insert your pad inside Siren™ for draft-free warmth or snuggle on top depending on conditions.

Box baffle construction is a high loft, thermally efficient, two-way baffle system that gives a full three dimensions to each baffle for even, continuous warmth.
