OUR VISION.

NEMO® IS FOUNDED ON A COMMITMENT TO ADVENTURE, TO THE FEARLESS PURSUIT OF UNCHARTED PATHS, IN EVERYTHING—FROM THE EQUIPMENT WE BUILD TO THE WAY WE RUN OUR BUSINESS. BRAVELY EXPLORING OPENS OUR MINDS, BRINGS US CLOSER TO THE PEOPLE WE DEPEND ON, SHARPENS OUR WITS, AND LIFTS OUR SPIRITS. ADVENTURE GIVES US PURPOSE AND PERSPECTIVE. IT MAKES US HUMBLE AND PROUD. WE BELIEVE MEANINGFUL ADVENTURES ARE POSSIBLE FOR ANYONE, ANYWHERE. POSSIBLE, THAT IS, IF YOU BRING THE WILL, THE IMAGINATION, AND THE RIGHT GEAR.

Adventure Anywhere™
ALPINE WARRIOR

A long history of awards including Editor’s Choice from Climbing, Best in Gear from Rock and Ice, and Editor’s Choice from Backcountry magazine.

Innovative Condensation Curtain isolates frost resulting from your breathing overnight to a small portion of the tent interior.

NEMO STAT™ system allows you to transfer your anchor inside without compromising the weatherproofness of the tent or adding slack into the system.

NEMO’s Extreme Conditions Technology will keep you safe and comfortable when your adventures take you to the barely inhabitable, most desolate and remote regions of our planet. We’ve developed a long list of features and technologies, from snow skirts to specialized textiles, that are designed specifically to combat problems faced by alpinists and other winter adventurers.

**TENSHI™ HIGHLIGHTS**

Sleep Tight Anchor Transfer™ (STAT™) provides a waterproof, convenient, and direct method of transferring an anchor into the tent when pitched on narrow ledges or other high exposure areas.

The Condensation Curtain™ helps keep moisture created by normal breathing contained in a small portion of the tent. The curtain has a tieback loop for easy stowage when not in use. Remove frost and condensation by detaching Velcro® tabs from tent and shaking off moisture.

Overhead vents, in addition to a rear window, allow for air circulation. Pressure Porting™ on the largest two overhead vents help reduce forces on the seams during high winds. Vents can be shut in extreme weather.

Modular configuration adds versatility. The vestibule has a full snowskirt and provides space for gear storage and a dry entry during bad weather. Pile snow or stack ropes over the snow skirt to help keep out the wind and snow. On sunny days, the vestibule is easily unzipped from the tent.
Sleep Tight Anchor Transfer™ (STAT™) provides a waterproof, convenient, and direct method of transferring an anchor into the tent when pitched on narrow ledges or other high exposure areas.

**TENSHI™ ACCESSORIES**

Pawprints™ are removable liners perfectly sized to button snap to the inside corners of your tent. They protect your tent floor from boots and paws, and add serious comfort. Pawprints™ are made of soft machine-washable brushed polyester. Place your sleeping pads between a Pawprint™ and floor to help them stay in place.

**NOTE: TENT IS NOT FULLY WATERPROOF UNTIL IT IS SEAM SEALED.**

In some areas of the tent, seams are sewn directly through the tent shell to create a very strong construction. Water can leak through these areas so it is necessary to cover the stitching with Seamgrip®. The Seamgrip® also adds strength so you may choose to apply it to all exterior seams. However, it is only necessary in the areas highlighted below.

To seam seal your tent, set up the tent and locate the areas highlighted above. These locations include pole wraps, the STAT™, and vent seams. Clean any dirt or moisture off the surface. Carefully squeeze the Seamgrip® through the applicator tip onto the stitching. Use only enough to completely cover the stitching. Be careful not to contaminate zippers and Velcro®. Allow at least 24 hours for curing before use. If the Seamgrip® remains tacky, you can lightly dust the fully cured Seamgrip® with talcum powder.
NEMO guarantees every product we sell. We put great effort into choosing the best materials and providing you with the highest level of workmanship. We obsess over every design decision to ensure you get the greatest comfort and protection possible. Our process begins with pencil and paper and evolves methodically through computer modeling, prototyping, testing, and development. We strive to design and build the best outdoor equipment on the planet.

NEMO products carry a lifetime warranty against defects in workmanship and materials to original owner, with proof of purchase or warranty registration. Warranted products will be replaced or repaired at NEMO’s discretion. NEMO does not warranty products against normal wear and tear, unauthorized modifications or alterations, improper use, improper maintenance, misuse or neglect or if the product is used for a purpose for which it is not intended.

If you are having a problem with your NEMO product, please visit www.nemoequipment.com/support/warranty-returns/ or call NEMO Customer Service at 1-800-997-9301.

We will do our best to see that you are satisfied with your NEMO product. Our goal is to get you back to the outdoors as quickly as possible.

Register your NEMO product for warranty online and receive a code for 10% off at the NEMO webstore!

WARNING

Never place your stove, campfire, or other flame source in or near your tent. Never cook, light, or refuel a stove or any other heat source inside your tent. Death by suffocation and/or serious burns is possible.

Maintain adequate ventilation inside your tent at all times. Death by suffocation is possible.

Anchor your tent properly at all times to reduce the risk of loss or injury to the tent or occupants.

Carefully consider the possibility of falling rocks or tree limbs, lightning strikes, flash floods, avalanches, strong winds, and other hazards when choosing a campsite to reduce the risk of loss or injury.

If you have additional questions, please contact NEMO Equipment, Inc. at 800-997-9301.

NOTE: All 2015 NEMO tents meet the CPAI-84 standard for flame retardancy.
