C2020-BW-100W

Before installation, please read all of the instructions thoroughly and keep it for future reference.

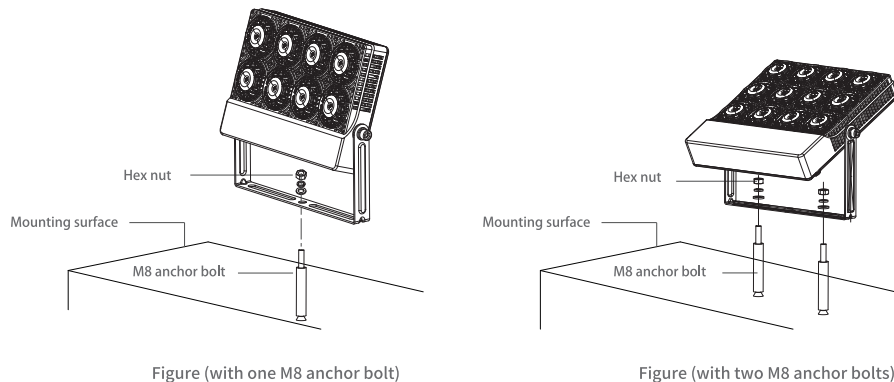

01 Adjusting the lamp base angle

1. Take the product out of the packaging. Read the instruction manual carefully.
2. Loosen the fixing bolts on both sides by turning them counterclockwise. Only loosen the fixing bolts until the mounting bracket can be adjusted.
3. Adjust the mounting bracket to the desired angle, then re-tighten the fixing bolts by turning them clockwise.

02 Mounting method

1. Adjust the lamp base to the desired angle.
2. Prepare the anchor bolt(s) on the mounting surface according to the mounting hole / slots on the bracket.
3. Mount the product to the mounting surface and tighten the hex nut(s) afterwards.
