24W Adjustable 3-Head Clip-on Grow Light Quick Start Guide

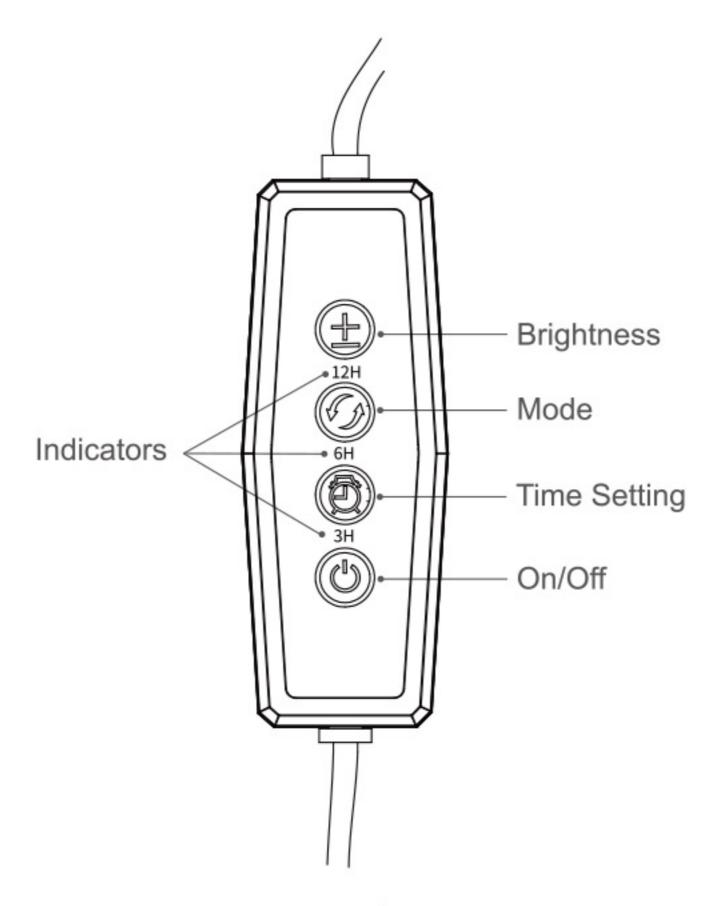

Product Overview

Thank you for purchasing our products. Please read the guide carefully before you use the product and keep it properly for future reference.

Buttons and Indicators

On/Off	 Press the button to turn on the lamp (restore to the last mode and brightness), and the indicators ("3H" "6H" and "12H") go off. The indicators ("3H" "6H" and "12H") light up under non-working status. Each button press turns off one LED light source until it is completely off under working status.
Time Setting	 Press the button to respectively enable 3/6/12-hour time setting function and light up the corresponding indicator under the working status. The lamp automatically shuts off when the time is up. Press the button to disable the time setting as the indicators are all off.
Mode	Press the button to change the emitting color as red, blue and red-blue mixed color under working status.
Brightness	Press the button for 5-level of brightness adjustment.

Angle Adjustment

The light source can be bended and twisted in any direction

Technical Data
