# Adjustable Monitor Arm Wall Mount (Black)

For Monitors

## Adjustable Monitor Arm Wall Mount (Black)

This intuitive spring tension counterbalance monitor arm offers an economical locking solution for home offices, work, conference rooms, gyms, and any place that needs a durable monitor mount with lots of angle adjustment. The arm mount can be mounted on any studs, framing, drywall or solid wall scenario proving to be an extremely universal wall mounting solution. A flexible hinge at both the top and base joints allows for generous tilt, swivel, and 360-degree rotation. Simply adjust to the desired angle and position, then tighten with provided Allen key tool to firmly hold preferred setup in place. Easily locate the clips underneath the arm to neatly route your cables. Monitors attach to the mount via standard 75 x 75 and 100 x 100-millimeter VESA plate.

### Features:
