Custom Flex Desk Clamp Mount with VESA Plate

Custom Flex Desk Clamp Mount

This flexible tablet mount lets you create a customized workstation on the fly. Its heavy-duty clamp base attaches to a desk or pole with no-slip rubber pads, tightening with a rotary grip handle. The durable metal arm features two 180-degree rotating joints, plus omnidirectional ball sockets at the base and headpiece, for virtually infinite positioning options. Atop the mount, you'll find a useful VESA mount, ready for attachment to any compatible 75 x 75- or 100 x 100-millimeter mounting plates. (We suggest CTA Digital's popular Paragon Enclosure.) The head rotates to allow for tablet use in either portrait or landscape orientation.

Features:

- Heavy-duty clamp grips tabletops or poles
- Two 180-degree rotating joints
- Two omnidirectional ball sockets at base and headpiece
- Allows portrait and landscape displays
- Galvanized steel security cable anchors stand to table, desk, or another permanent fixture
- Compatible with any tablet enclosure or device case with a VESA mounting plate

Specifications:

- Dimensions: 18" x 5.5" x 2"
- Maximum arm length: 12 inches
- Weight: 1.28 lbs.

Package includes:

- (1) Clamp base
- (1) Custom flex arm
- (1) Security Enclosure
